Castanea species.

Elsah, Illinois.

8/6/44 Miss Maude Louise Nidlinger reported a lone chestnut tree on property of a Mrs. Hunt. Tree is 30 ft. high, planted in 1912 with a second chestnut tree which died later.

Source unknown but probably came from Riehl or other orchard nearby. Miss N. also advised tree usually bore sterile burrs. She was advised (8/16/44) that a second chestnut tree should be planted near it.
