

Chestnuts were shipped. St Louis - only about 25 miles away is not a market for nuts according to Miss Riehl.

Several "note-ups" have made concerning nut growing - dealing with this Orchard. Miss Riehl had given the references to Dr. Cobly.

J. V. Boyter

CHESTNUT VARIETIES - Boone, Cooper, McFarland-Rochester, Riehl, E. A. M. - ~~Riehl~~, Ill. - near Alton and Fuller.
G.G.H. - exam. Nov. 2, 1912
1000 trees - no blight

7, 3, 10, 12
Madison Co.

10/22/38 advises the Riehl variety was discarded as being too poor in quality for commercial use. Boone nuts went to market a month ago. - Amelia Riehl.

Godfrey, Ill.

Miss Amelia Riehl

July, 1946 - No trees now living. Last of the trees were destroyed in 1945. Trees grew very slowly, bore few or no nuts, & practically all nuts were wormy. Many trees blighted but only a few were killed by it. Trees of no practical use in that locality.
