

CARBONDALE, ILLINOIS

W-1951

JOHN W. ALLEN, Act. Director of Museum
Southern Illinois University

Letter 12/12/49--"I am interested in planting an acreage of b/r Chinese chestnuts.....It is my wish to plant a number of named varieties this season with the idea in mind of having scions available from them for propagating part of my stock next year.I plan to use these trees to produce cions to begin my project, which I hope to expand to 40 acres of more, increasing my propagation as facilities allow. " GFG answered 12/19/49

Carbondale, Ill.

*Mr. Lowell Tucker
Southern Illinois University*

for planting on Crab Orchard Wildlife Refuge:-

3/18/49 - see attached list of hybrids
