

MEMORANDUM

To: Council on Environmental Quality, Environmental Monitor

From: Eric McPhee
Supervising Environmental Analyst
Department of Public Health-Drinking Water Section

CC: Linda Brunza, Department of Energy & Environmental Protection
Bruce Wittchen, Office of Policy and Management
Dennis Johnson, Director of Health, Town of Guilford

Date: December 19, 2017

Subject: **Town of Guilford (Bittner Park)—Mulberry Point Water Main Extension**

Attached please find the Environmental Assessment Summary for the above referenced project. Scoping for the project began on September 20, 2016 and ended on October 21, 2016.

The Department of Public Health (DPH) received comments from Department of Energy & Environmental Protection (DEEP) on October 21, 2016 and the Office of Policy and Management (OPM) on October 21, 2016 and four additional public comments received between October 20 and 23, 2016. The Town of Guilford provided a response to the Office of Policy and Management through a memorandum from Mariusz Jedrychowski, P.E. of Wright-Pierce dated May 3, 2017 and revised on August 8, 2017. The Town of Guilford, through its consultant Wright-Pierce, provided individual responses to the members of the public that submitted comments. The DPH will coordinate with the Town of Guilford to ensure that the recommendations received will be implemented. Based on the DPH's review of the comments received it is recommended that an Environmental Impact Evaluation (EIE) is not warranted for this project. Should you have any questions, please contact me at (860) 509-7333.
