Re: Downtown Crossing – Phase II, New Haven CT

Attached please find the Environmental Assessment Checklist for the above referenced project. On March 17, 2015, the Department of Economic and Community Development published a Notice of Scoping in the Environmental Monitor to solicit public comments for the subject project. Scoping period ended on April 16, 2015.

Scoping comments were received from the Department of Energy and Environmental Protection and the Department of Public Health. The issues/concerns raised are explained in the attached Environmental Assessment Checklist. The Department of Economic and Community Development has taken those comments into consideration and has concluded that the project does not require the preparation of an Environmental Impact Evaluation under CEPA.
