Transportation Assistant Planning Director
Department of Transportation
Office of Environmental Planning
Bureau of Policy and Planning

Date: April 16, 2013

Subject: Windham Regional Transit District Bus Garage and Administration Building,
Mansfield

On November 6, 2012, The Department of Transportation published a Notice of Scoping to solicit public comments for the Windham Regional Transit District Bus Garage and Administration Building in the Connecticut Environmental Monitor. The public, state agencies, and other interested persons/parties were allowed to comment on any potential environmental impacts or concerns regarding the proposed project until December 6, 2012. The only comments received were from the Department of Public Health (DPH) and the Department of Energy and Environmental Protection (DEEP).

Attached please find the Environmental Assessment Checklist for the above referenced project. The issues/concerns raised by DPH and DEEP are included in the Environmental Assessment Checklist.

Based upon this assessment, the project has been determined not to be environmentally significant; therefore, the preparation of an Environmental Impact Evaluation is not warranted.
