

#### 4.03 ENVIRONMENTAL AFFIDAVIT

If the construction of the Total Premises was completed prior to January 1, 1980, then the LESSOR shall, prior to the execution of this lease and as a condition precedent to the commencement date of this lease, procure and deliver to the LESSEE a certification by a professional engineer licensed in Connecticut stating either that the Demised Premises are free of asbestos containing materials ("ACM") or that any existing ACMs are encapsulated in compliance with applicable State and Federal laws and regulations, including, but not limited to, those of the Occupational Safety and Health Act ("OSHA"), the State of Connecticut Department of Environmental Protection and any relevant Environmental Protection Agency ("EPA") regulations, guidelines and procedures. The professional engineer shall be acceptable to the LESSEE. If the LESSOR fails to deliver this certification on or before seven (7) days after this lease is ready for execution by the LESSOR, then this lease and all discussions and negotiations concerning this lease shall be of no force or effect and shall be treated as if they had never existed or taken place and no liability of any kind or for any purpose shall attach to the LESSEE concerning this lease, the Demised Premises or any negotiations relating thereto.

**Comment [1]:** This can be either in the form of a one-page letter from a licensed engineer **or** a copy of a Phase 1 Environmental Site Assessment if one was done say for example when the building was purchased or re-financed.
