

STATE BUILDING CODE INTERPRETATION NO. I-01-15R

January 20, 2015

The following is in response to your correspondence dated January 15, 2015 in which you seek a formal interpretation to the following question:

Question 1:

What use classification would a recycling center be classified in, F-1 or F-2?

Answer 1:

Based on the information that you provided regarding the operation of the recycling center which was also reviewed by Mr. Gary Nelson, Senior Staff Engineer from the International Code Council, the use and occupancy classification will be an F-1, based on the combustible material associated with conventional household recyclable material present during the operation of this facility.
