Malcolm M. Brown, M.D.
First Selectman, Sharon

Congratulations to the residents of Salisbury and Sharon. Together we have achieved the highest recycling rate of all the member towns within the CRRA! This is thanks to your dedication and the help of our TRAC Committee and the excellent staff at the Transfer Station.

Consideration was given to an increase in the \$60.00 sticker fee for next year, or an increase in taxes, but in the end we decided to maintain the current fee structure in the hope that increases in our recycling efforts will make up for any budget shortfalls due to increases in the price of fuel and other expenses.

These large increases make it very expensive to transport heavy garbage to Hartford.

Please remember:

- We are **PAID** a rebate of \$10.00 for every ton of waste that we recycle, including paper, cans and bottles, clothing and cardboard.
- We are **CHARGED** a fee of \$70.00 for every ton of waste that we do not recycle.

That is why we urge you to remove **ALL** recyclable items from your garbage – every little bit helps and it will truly lower our costs at the Transfer Station, thus allowing us to keep the sticker fee lower.

Please also note that this year we are offering the backyard composters for sale at cost (\$30.00) – if every household removed the vegetable food scraps from the garbage, we would save many thousands of dollars from our budget each year. If you would like to purchase one of these, please see the staff at the Transfer Station.

If we do not recycle more in the next year, we can expect that there will be a larger increase in both the sticker fees and taxes in 2009.

Thank you, and hopefully by working together we can increase our recycling rate from the current 34% to 40% by this time next year.

The Salisbury and Sharon Boards of Selectmen
June 2008

What Goes Where

Mixed Paper	Co-Mingle	Scrap Metal	Construction/ Demo	Garbage	Swap Shop
Beer & soda "fridge packs"	Waxed juice & milk containers	Aluminum	FEES APPLY TO ALL	Foam & "peanuts"	ITEMS IN GOOD WORKING ORDER ONLY

**The Transfer Station is only for garbage and recyclables from
Salisbury & Sharon.**

A current sticker is required for entry

Frequently Asked Questions

If in doubt, please ask a staff member

1. Can all kinds of cardboard go in the CARDBOARD HOPPER?
NO, wax coated cardboard cannot.
2. Can envelopes with address windows be recycled with JUNK MAIL?
YES.
3. Where do PLASTIC CONTAINERS that are unmarked on the bottom, or those marked with #4, #5, #6, go?
They must go in the garbage hopper.
4. Does the Transfer Station take GRASS & BRUSH?
NO, it does not.
5. What if I put stuff in the wrong bin?
DON'T! It will contaminate & ruin the entire load.

Not accepted at the Transfer Station:

Household hazardous waste, or other toxic materials: pesticides, weed killers, anti-freeze, pool chemicals, oven & drain cleaners, acids are collected in Torrington in the fall of 2008, and in Falls Village in the spring of 2009. Check with your Town Hall for complete details.

Don't waste it!

TO: Residents using the Salisbury/Sharon Transfer Station Recycling requirements as of June 1, 2008

Recycling is more than the good deed of responsible citizens. Connecticut State law requires all residents to recycle. Recycling makes great economic sense in light of rising disposal costs. Our towns are charged a high, and ever increasing, per ton fee to dispose of garbage. However, we are not charged for most recyclables, so it is important to separate anything that *can* be recycled from the rest of the garbage.

Always recycle the following items—*never* throw into garbage hopper:

(Transfer Station staff will help you find the proper recycling area)

- Glass & metal food and beverage containers
- Waxed juice and milk cartons
- Plastic food & beverage containers (#1 and #2 with a “neck”)
- Newspapers, corrugated cardboard, magazines, junk mail, books (hard covers removed)
- Computers and other personal electronics
- Empty paint cans
- Swap Shop: toys (re-usable), books, household goods, used motor oil, printer cartridges, eye glasses, cell phones, rechargeable batteries
- Clothing, fabrics, shoes (in any condition)
- Vehicle batteries (Lead-Acid)
- Leaves any time; Christmas trees January through March

Fee Required Items—*never* throw into garbage hopper:

- Pressure treated wood, mattresses, box springs, stuffed chairs, sofas, foam insulation, sheetrock, clean wood, bathroom fixtures, shingles, window glass, fiberglass materials, tile, ceramics
- TVs & monitors, appliances, propane tanks, paint, stain, tires

Whether or not you use a hauler, recycling is mandatory.
Every household must have a current transfer station sticker.
All loads are subject to inspection.

Thank you for your continued cooperation and support. If you have any questions or concerns, please contact me at (860) 435-5178.
