Outreach Plan for PA 10-87

Stakeholder/Other	Media/how
Municipalities	<ul style="list-style-type: none"> -new PA 10-87 webpage - section for this stakeholder -email on listserv/recyclers -email out to first selectmen -email to CCM and COST (Council of Small Towns) and ask them to reach out to their members -SWAC – Sept 2010 -ask municipalities to reach out to their haulers, business community and local groups that coordinate community events
Collectors/haulers	<ul style="list-style-type: none"> -new PA 10-87 webpage – section for this stakeholder -SWAC – Sept 2010 -ask industry group to reach out to their members
Solid Waste Facilities	<ul style="list-style-type: none"> -new PA 10-87 webpage – section for this stakeholder -SWAC – Sept 2010 -email facilities (via reporting list)
Businesses, Institutions, Gov't Agencies	<ul style="list-style-type: none"> --new PA 10-87 webpage – section for this stakeholder -SWAC – Sept 2010 -reach out to Chambers, CBIA, SACIA to inform their members
Residents/General Public	<ul style="list-style-type: none"> -new PA 10-87 webpage – section for them? -press release?
Webpages that need revisions	<ul style="list-style-type: none"> -Recycling... It's the Law -Separating Recyclables from the waste stream -Review Event Recycling front page -Municipal Recycling Resource Center (add link to PA 10-87 page), Schools, At Home, State Agencies (P2 page) -Annotated List of Regulations and Laws -Reporting webpage(s) will have new or revised forms
Other	<ul style="list-style-type: none"> Conferences and other events (CT Recyclers Coalition annual meeting) Connect PA 10-87 with Solid Waste Management Plan tasks

Amend Regulations

Reports to the General Assembly's Environment Committee...

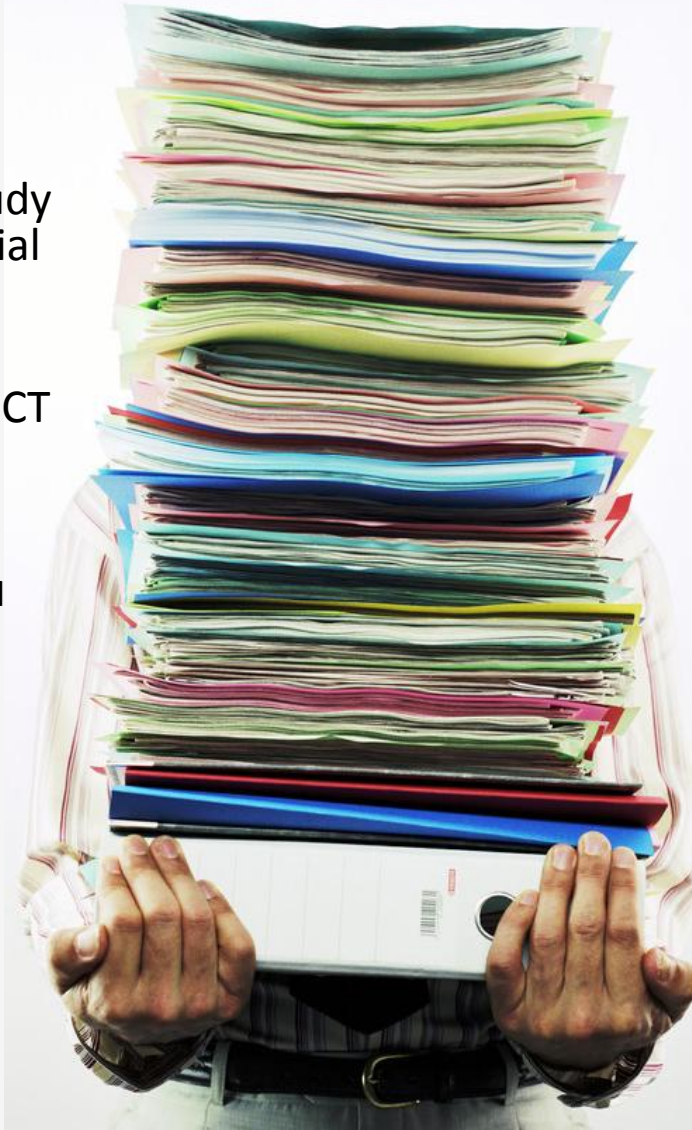

By **January 1, 2011**

DEP to submit a report concerning results of study on the potential beneficial use of **ash residue**.

In consultation with the CT Academy of Science and Engineering.

Legislative Program Review and Investigations Committee Recommendation

Section 9

By **June 1, 2011**

DEP to submit a report concerning the costs and benefits of different methods of removing **food waste** from the waste stream.

Identify incentives and guidance state could provide to develop composting facilities.

Legislative Program Review and Investigations Committee Recommendation

Section 8

- Don't have to report **amounts** of solid waste or recyclables *if* sent to CT-permitted facility.
- This means: only report amounts if materials sent out-of-state *or* to in-state end user [for example, paper mills] without first passing through a CT permitted solid waste facility.
- Also, moves annual reporting date from August 31 to September 30.

Municipal Reporting

revises CGS 22a-220(h)

Section 2

Collector Registration & Reporting

revision of CGS 22a-220a

Collectors were always required to register in the municipality in which they operate, but municipal **registration** now must also provide name of company owner, customer types, waste types, location of receiving facilities, beginning July 1, 2010;

Collectors **report data annually** on recyclables and solid waste **to municipalities**, beginning July 31, 2011.

Collectors **report data annually to DEP** re the originating municipality, the amounts, and destinations of recyclables and solid waste hauled out of state or to an end-user without passing through a CT permitted solid waste facility, beginning July 31, 2011.

Collectors must **identify originating municipality** of each load to receiving facility, effective July 1, 2010.

sections 10, 11 & 12

Update “Designated” Recyclables

revision of CGS 22a-241b

- New designated recyclables (10/1/2011):
 - PET (#1 plastic)
 - HDPE (#2 plastic)
 - boxboard
 - magazines & other paper

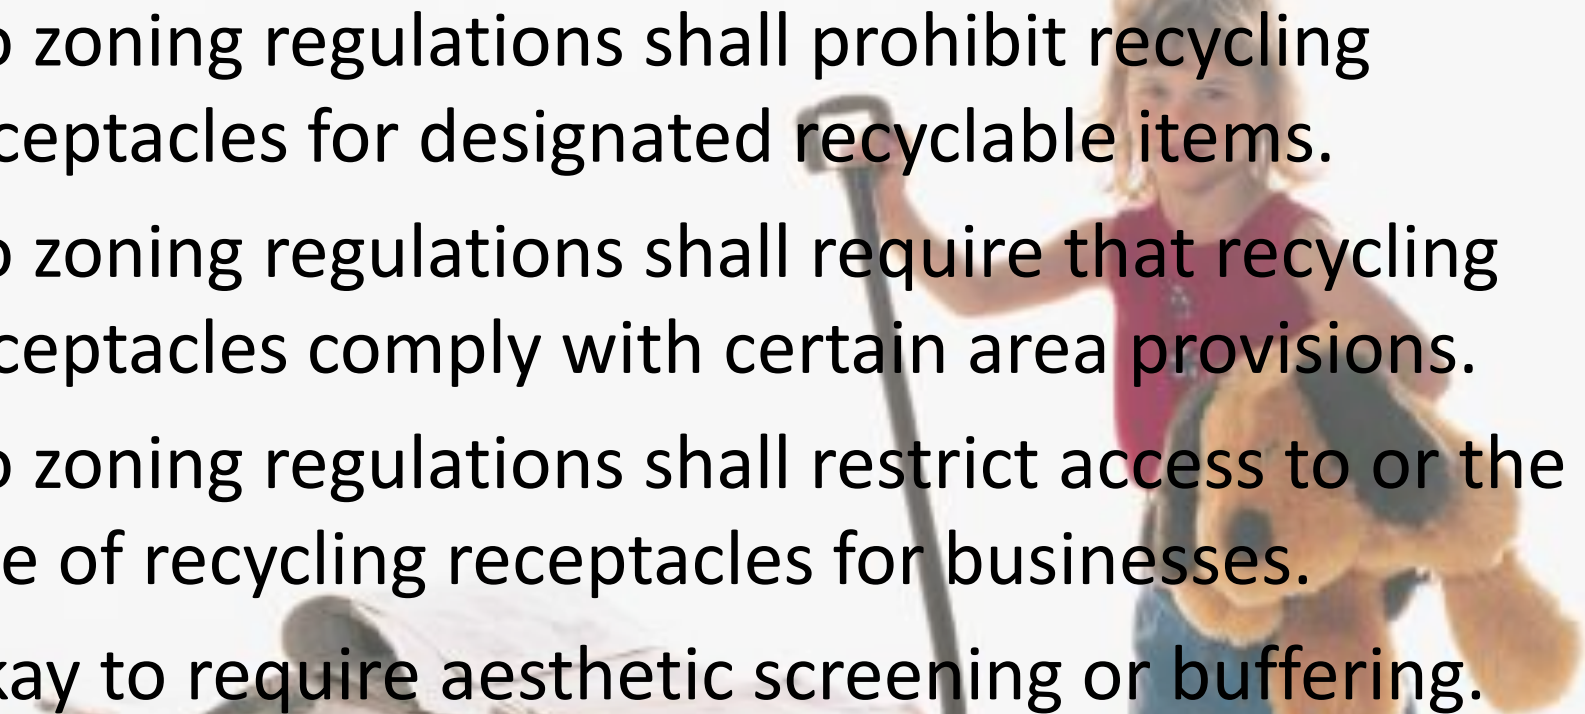

Separate Recyclables from Trash

revision of CGS 22a-241b

WORLD FAMOUS SNACKS	
POPCORN	.99

BOTTLED WATER	1.50

CONDIMENTS

- Everyone must cause the separation of designated recyclable items.
 - Must use separate collection containers for recyclables (cannot mix with trash).
- No one shall combine previously segregated designated recyclable items with trash.

- 
- No zoning regulations shall prohibit recycling receptacles for designated recyclable items.
 - No zoning regulations shall require that recycling receptacles comply with certain area provisions.
 - No zoning regulations shall restrict access to or the size of recycling receptacles for businesses.
 - Okay to require aesthetic screening or buffering.

Effective October 1, 2010

Zoning Regulations revision of CGS 8-2(a)

Equitable Collection of Recyclables

Each municipality* which provides municipal trash collection for residences and businesses shall:

- Offer the same type of collection of designated recyclable items.
- By July 1, 2011

Exception if municipality has above-average recycling rate.

Each collector offering trash collection to residences shall:

- Offer the same type of collection of designated recyclable items.
- By July 1, 2011

Each collector shall provide written or pictorial instructions on separation of recyclables.

Each contract between a collector and a business shall make provision for collection of designated recyclables

- Can be same collector or customer's identification of existing recyclables collector.

Collector can adjust fees if providing collection of recyclables, but must include the charge for recyclables in the charge for trash collection.

Common Gathering Venues

effective October 1, 2011

Recycling receptacles must be as accessible to the public and at the same locations as trash receptacles.

Section 6

Common Gathering Venues

effective October 1, 2011

- Venue must provide recycling receptacles **unless** another person is providing such receptacles pursuant to contract.
- For example, snack shack at municipal ball field sells canned beverages – contract can say that snack shack, not town, must provide receptacles.
