EPPI 2019: Information Package #2,

Exercise Date: November 14, 2019

Dear participant,

This is the second exercise notification in a series of pre-exercise notifications. Each notification will have an attachment giving a weather scenario update along with pertinent exercise information. These messages are part of our communications testing efforts so you should expect to receive information through the Everbridge system, WebEOC and email concerning this year's exercise.

Additional exercise emails will be sent out Tuesday November 12, 2019 and Wednesday November 13, 2019. These emails include exercise scenario updates and attachments.

Please refer to the below listed links for additional exercise information and references:

State Response Framework: Describes the interaction of state government with local, federal and tribal governments, nongovernmental response organizations and other private sector partners, the media, and the public in implementing emergency response and recovery functions in times of crisis: http://www.ct.gov/demhs/lib/demhs/srf_v_4_1.pdf

Cyber Security and Cyber Crimes: Please review the State Cyber Response Plan and Cyber Disruption Plans. <https://portal.ct.gov/DEMHS/Homeland-Security/Cybercrimes-and-Cybersecurity>

WebEOC registration form and log in information:

General Exercise Information:

<http://www.ct.gov/demhs/cwp/view.asp?a=4236&Q=499532&PM=1>

The 2019 Governor's Emergency Planning and Preparedness Initiative (EPPI) exercise will focus on large scale natural gas and electric grid power disruption as a result of cyber related incidents that impact energy transmission and distribution systems resulting in the loss of power generation and other impacts effecting all of New England and across the nation. Long term power outages, rotating brown outs, and communication issues are expected.

The exercise is sponsored by the Department of Emergency Services and Public Protection, Division of Emergency Management and Homeland Security in order to bring the whole community together in a collaborative environment.
