

**DEPARTMENT OF SOCIAL SERVICES**

**Notice of Proposed Medicaid State Plan Amendment (SPA)**

**SPA 20-B: Clinics – HIPAA Compliance Billing Code and Reimbursement Updates**

The State of Connecticut Department of Social Services (DSS) proposes to submit the following Medicaid State Plan Amendment to the Centers for Medicare & Medicaid Services (CMS) within the U.S. Department of Health and Human Services (HHS).

**Changes to Medicaid State Plan**

Effective on or after January 1, 2020, SPA 20-B will amend Attachment 4.19-B of the Medicaid State Plan to revise the Medical Clinic, Family Planning Clinic, Behavioral Health Clinic, Rehabilitation Clinic, and Ambulatory Surgical Center fee schedules as described below. These revisions incorporate the 2020 Healthcare Common Procedure Coding System (HCPCS) changes (additions, deletions and description changes) to remain compliant with the Health Insurance Portability and Accountability Act (HIPAA). Codes that are being added are being priced using a comparable methodology to other codes in the same or similar category. For newly added codes that are replacing codes that are being deleted, they are being priced in a manner designed to be cost-neutral to the previous overall payment methodology.

In addition to the HIPAA compliant update, this SPA will also add the following codes to the Family Planning Clinic fee schedule:

<b>CPT Code</b>	<b>Description</b>	<b>Rates</b>
17110	Destruct b9 lesion 1-14	\$79.20
17111	Destruct lesion 15 or more	\$93.12
46924	Destruction anal lesion(s)	\$402.26
99408	Screening and Brief Intervention (SBI) services for alcohol and/or substance misuse or abuse other than tobacco; 15 to 30 minutes	\$22.40
99409	Screening and Brief Intervention services greater than 30 minutes	\$43.01

Fee schedules are published at this link: <http://www.ctdssmap.com>, then select “Provider”, then select “Provider Fee Schedule Download.”

### **Fiscal Impact**

Based on the information that is available at this time, DSS does not anticipate that the HIPAA compliance updates portions of this SPA will substantially affect annual aggregate expenditures. The addition of the codes specified above on the Family Planning Clinic fee schedule will result in an increase of annual aggregate expenditures by approximately \$15,000 in State Fiscal Year (SFY) 2020 and \$36,000 in SFY 2021.

(e) Behavioral Health Clinics:

(e.1) **Private Behavioral Health Clinics.**

The current fee schedule was set as of January 1, ~~2019~~2020 and is effective for services on or after that date. Fees for services provided to individuals 18 years of age and over will be 95% of the published fee.

Effective January 1, 2012 the Department established a separate fee schedule for private behavioral health clinics that meet special access and quality standards and such fees are higher than the fees available to clinics that do not meet such special standards. These clinics must accept all (100%) telephonic and walk-in referrals that present during business hours. All referrals must be screened by a trained intake worker or clinician and triaged to determine whether the referral is emergent, urgent or routine. A clinician must evaluate a client who presents at the clinic with an emergent condition within two (2) hours. Clients that undergo telephonic or walk-in screening and are determined to be in urgent need of services must be offered an appointment for an urgent face-to-face clinical evaluation with a clinician to take place within two (2) calendar days of the screening. Clients that undergo telephonic or walk-in screening and are determined to have routine needs must be offered an appointment for a routine face-to-face clinical evaluation with a clinician to take place within 14 calendar days of the screening. These clinics must have at least nine (9) extended hours per week beyond routine business hours of 8:00 AM to 5:00 PM. Providers that are designated Enhanced Care Clinics and have a valid Letter of Agreement with the Department that holds them accountable to the quality standards and access standards receive the enhanced rate for all routine outpatient services provided. The state monitors the access standards on a routine basis and provides access standard reports to the providers on a quarterly basis. The state has established a process for providers to submit corrective action plans (CAPs) if they do not meet the access standards for any reason except in increase in volume in excess of 20% compared to the same quarter of the previous year. All Enhanced Care Clinics must electronically register appointments made with the Administrative Services Organization (ASO).
