GENERAL INFORMATION

Connecticut law requires that every vessel (*including any used in livery service*) operated upon the waters of this state shall be numbered except as otherwise provided in Section 15-142 and Section 15-143 of the *Connecticut General Statutes*.

When a CT number has been assigned to a vessel, this number will remain with the vessel throughout the ownership change. Each new owner must apply for his own certificate for this number.

REMAINDER CERTIFICATE - Any person who transfers to another ownership of a vessel numbered or awarded a registration decal by this state or presents evidence that such vessel has been stolen, lost, destroyed, sold, or traded to a dealer upon surrendering the outstanding certificate of number or certificate of registration decal, may have another vessel numbered in his name for the remainder of the numbering period, or may have another registration decal issued in his name for the remainder of the registration period, upon payment of a "remainder fee", if any is due CGS Section 15-142(b).

CERTIFICATE OF DECAL - Each vessel with respect to which the owner holds a valid certificate of number awarded by the United States pursuant to the provisions of the Federal Boat Safety Act of 1971 or if the owner holds a valid certificate of number awarded by another state, which vessel is used upon the waters of this state for more than sixty (60) days in any calendar year, shall be required to display a Connecticut registration decal. The owner is required to hold a valid, effective certificate or registration awarded by this state and the registration decal must be displayed as directed by the Commissioner of Environmental Protection. Sec. 15-142 CGS.

SALES PRICE - A bill of sale is required as evidence of the amount paid for the vessel.

SALES TAX PAID IN ANOTHER STATE - In order to obtain credit for Sales Tax paid to another jurisdiction, you must present proof of payment in the form of an official receipt or sales tax reflected on an Invoice.

BARTER, TRADE, SWAP - When two individuals trade vessels, each must pay Sales Tax on the average market value as determined by the Department of Revenue Services.
