Agenda item 5:

Commissioner Reviczky reported on effort to amend Public Act 09-229 in light of the impact the decision of the USDA to stop publishing production cost numbers would have.

Currently we and other states are asking USDA through our congressional delegation to continue to publish the numbers.

Agenda item 6: Dairy sustainability payments did go out. Because USDA did not publish figures for the month of March, March was not included. Based on the statistical uniform price for march we believe the payment would have been very small.
