Complete this form in blue or black ink only.

Use **Form CT-1120 EDPC** to claim the credit available under Conn. Gen. Stat. §12-217t, for personal property taxes paid on electronic data processing equipment to a Connecticut municipality during the income year.

In the case of leased electronic data processing equipment, the lessee, not the lessor, is entitled to claim this credit if the lease by its terms or by operation imposes on the lessee the cost of the personal property taxes on the equipment. However, the lessor and lessee may elect, in writing, that the lessor may claim the credit. The lessor shall provide a copy of the written election upon the request of the Department of Revenue Services (DRS).

Definition

Electronic data processing equipment means computers, printers, peripheral computer equipment, bundled software, and any computer-based equipment acting as a computer as defined in IRC §168, and any other equipment reported as Code 20 on the

Personal Property Declaration; prescribed by the Secretary of the Office of Policy and Management.

Credit Computation

The electronic data processing property tax credit is allowed only after the application of all other tax credits. The allowable credit is applied first against the Corporation Business Tax and then may be applied against the taxes administered under Chapters 207, 208, 208a, 209, 210, 211, or 212 of the Connecticut General Statutes. Any remaining credit balance that exceeds the credit applied may be carried forward to five succeeding income years.
