DEFINITIONS

- A **grant**, for the purposes of this credit, is the donation of funds to any institution of higher education in Connecticut for the purposes of research and development related to advancements in technology.
- **Research and development related to advancements in technology** means development of new products, development of new uses for existing products, or development or improvement of methods for producing products. Research and development does **not** include testing or inspection for quality control purposes, efficiency surveys, management studies, consumer surveys or other market research, advertising or promotional activities, or research in connection with literary, historical, or similar projects.
- An **institution of higher education** means an educational institution in Connecticut that grants degrees beyond the high school level and is described in, and is exempt from, taxation under I.R.C. §501(c)(3), or exempt from taxation as a governmental unit.

If this credit is claimed, the taxpayer shall reduce the amount of research and development expenses that otherwise may be taken into account in computing the allowable credit under Conn. Gen. Stat. §12-217n. See Conn. Gen. Stat. §12-217n(h).
