Amended Connecticut Income Tax Return and Instructions

Purpose: Use this form to amend a previously-filed 2004 Connecticut income tax return for individuals. This form may not be used to amend any other year's return. Do not use this form to amend **Form CT-1041** or **Form CT-1065/CT-1120SI.**

If Form CT-1040X is filed to have an overpayment of Connecticut income tax refunded or credited, it must be filed before the Connecticut statute of limitations expires. Generally, the Connecticut statute of limitations for refunding or crediting

any Connecticut income tax overpayment expires three years after the due date of the return, but if a timely request for an extension of time to file a return was filed, the statute of limitations expires three years after the extended due date of the return, or three years after the date of filing the return, whichever is earlier. If you were required to file an amended return, but failed to do so, a penalty may be imposed. Interest will also be assessed on any additional Connecticut income tax not paid on or before the due date.

The following circumstances require the filing of Form CT-1040X:

1. The IRS or federal courts change or correct your federal income tax return, and the change or correction results in your Connecticut income tax being overpaid or underpaid.	File Form CT-1040X no later than 90 days after the final determination. If you file Form CT-1040X no later than 90 days after the final determination, any Connecticut income tax overpayment resulting from the final determination will be refunded or credited to you, even if the Connecticut statute of limitations has otherwise expired.
2. You filed a timely amended federal income tax return, and the amendment results in your Connecticut income tax being overpaid or underpaid.	File Form CT-1040X no later than 90 days after the date you filed your timely amended federal return. If you file Form CT-1040X no later than 90 days after the date of filing the timely amended federal income tax return, any Connecticut income tax overpayment resulting from filing the timely amended federal income tax return will be refunded or credited to you, even if the Connecticut statute of limitations has otherwise expired.
3. You claimed a credit for income tax paid to a qualifying jurisdiction on your original income tax return and the tax officials or courts of that qualifying jurisdiction made a change or correction to your income tax return and the change or correction results in your Connecticut income tax being overpaid or underpaid (by increasing or decreasing the amount of your allowable credit).	File Form CT-1040X no later than 90 days after the final determination. If you file Form CT-1040X no later than 90 days after the final determination, any Connecticut income tax overpayment resulting from the final determination will be refunded or credited to you, even if the Connecticut statute of limitations has otherwise expired.
4. You claimed a credit for income tax paid to a qualifying jurisdiction on your original income tax return and you filed a timely amended income tax return with that qualifying jurisdiction, and the amendment results in your Connecticut income tax being overpaid or underpaid (by increasing or decreasing the amount of your allowable credit).	File Form CT-1040X no later than 90 days after the date you filed your amended return with the qualifying jurisdiction. If you file Form CT-1040X no later than 90 days after the final determination, any Connecticut income tax overpayment resulting from the final determination will be refunded or credited to you, even if the Connecticut statute of limitations has otherwise expired.
5. If none of the above circumstances apply, but you made a mistake or omission on your Connecticut income tax return, and the mistake or omission results in your Connecticut income tax being overpaid or underpaid.	File Form CT-1040X no later than three years after the due date of your return, or if you filed a timely request for an extension of time to file, three years after the date of filing the return, or three years after the extended due date, whichever is earlier.

Do not file Form CT-1040X for any of the following reasons:

- To have an overpayment refunded instead of applied to next year's estimated tax or to change your contributions to designated charities. The elections that you made on your original return cannot be changed by filing Form CT-1040X.
- To amend your Connecticut income tax return for an earlier year in order to claim a credit for income tax paid on income which was included in your Connecticut adjusted gross income for that year and which you repaid in a later taxable year. File Schedule CT-1040CRC, Claim of Right Credit, with your Connecticut income tax return for the later taxable year.

Financial Disability: If you are financially disabled, as defined in I.R.C. §6511(h)(2), the time for having an overpayment of Connecticut income tax refunded or credited to you is extended for as long as you are financially disabled. You are considered financially disabled if you are unable to manage your own affairs by reason of a medically determinable physical or mental impairment that has lasted or can be expected to last for a continuous period of not less than 12 months. You are not considered financially disabled during any period that your spouse or any other person is authorized to act on your behalf in financial matters.

Instructions for *Schedule 2 - Credit for Income Taxes Paid to Qualifying Jurisdictions*, are included in the instructions for **Form CT-1040** and **Form CT-1040NR/PY**.
