Form CT-1041ES - Instructions

Please note that each form is year specific. To prevent any delay in processing your return and/or payment, the correct year's form must be submitted to DRS.

Nonresident Trusts and Estates and Part-Year Resident Trusts: Nonresident trusts and estates are subject to Connecticut income tax on their Connecticut-sourced income. Part-year resident trusts are taxed on all income received while a resident trust of Connecticut and on income received from Connecticut sources while a nonresident trust. Connecticut-sourced income includes but is not limited to income from a business, profession, occupation, or trade conducted in this state as well as income from the rental or sale of real or tangible property located in Connecticut.

Who Must Make Estimated Payments: In most cases, a payment of estimated income tax is required if your Connecticut income tax (after tax credit) minus Connecticut tax withheld is \$1,000 or more and you expect your Connecticut income tax withheld to be less than your required annual payment.

The required annual payment is the **lesser** of:

- 90% of the income tax shown on the 2019 Connecticut income tax return; **or**
- 100% of the income tax shown on the 2018 Connecticut income tax return if the fiduciary filed a 2018 Connecticut income tax return that covered a 12-month period.

The fiduciary does not have to make estimated income tax payments if:

- The trust or estate was a resident trust or estate during the 2018 taxable year and did not file a 2018 Connecticut income tax return because the trust or estate had no Connecticut income tax liability; **or**
- The estate or trust was a nonresident estate or nonresident or part-year resident trust with Connecticut-sourced income during the 2018 taxable year, but did not have a 2018 Connecticut income tax liability.

If a nonresident estate or trust or part-year resident trust did **not** have Connecticut-sourced income in 2018, the fiduciary **must** use 90% of the income tax shown on the 2019 Connecticut income tax return as the required annual payment.

Except as provided below, a trust created in 2019 must use 90% of the income tax shown on the 2019 **Form CT-1041, Connecticut Income Tax Return for Trust and Estates**, as the required annual payment.

Exceptions

Decedent's Estates: For any taxable year ending before the date that is two years after a decedent's death, the decedent's estate is not required to make estimated payments and no underpayment interest will be charged.

Certain Grantor Trusts: For any taxable year ending before the date that is two years after a decedent's death, a trust is not required to make estimated payments and no underpayment interest will be charged if:

- The trust was created under Internal Revenue Code (IRC) §§ 671 through 679, inclusive, as owned by the decedent and will receive the residue of the decedent's estate under the will; **or**

- If no will is admitted to probate, the trust is primarily responsible for paying debts, taxes, and expenses of administration.

When to File: Estimated payments for the 2019 taxable year are due April 15, June 15, September 15, 2019, and January 15, 2020. Fiscal year filers should follow federal filing due dates. If the due date falls on a Saturday, Sunday or legal holiday, your estimated payment will be considered timely if filed on the next business day. An estimate is considered timely filed if received or if the date shown by the U.S. Postal Service cancellation mark is on or before the due date.

Your return will meet the timely filed and timely payment rules if the U.S. Postal Service cancellation date, or the date recorded or marked by a designated private delivery service (PDS) using a designated type of service, is on or before the due date. Not all services provided by these designated PDSs qualify. This list is subject to change. See **Policy Statement 2016(4), Designated Private Delivery Services and Designated Types of Service**.

How Much Should I Pay: Complete the *2019 Estimated Connecticut Income Tax Worksheet* on Page 1 to calculate your required annual payment.

Estimated Payment Rules for Farmers or Fishermen: If the trust or estate had income from farming or fishing as provided in IRC § 6654(i)(2), the required installment is the lesser of 66⅔% of the Connecticut income tax shown on the 2019 Form CT-1041 return or 100% of the Connecticut income tax shown on the 2018 Form CT-1041 if a 2018 Form CT-1041 was filed and it covered a 12-month period.

If the trust or estate is required to make 2019 estimated income tax payments, you must do one of the following:

- Pay the required installment on or before January 15, 2020; **or**
- File Form CT-1041 for 2019 on or before March 1, 2020, and pay the full amount computed on the return. In this case, do not make estimated tax payments for 2019.

See **Informational Publication 2018(19), Farmer's Guide to Sales and Use Taxes, Motor Vehicles Fuels Tax, Estimated Income Tax, and Withholding Tax**, or **Informational Publication 2009(14), Fisherman's Guide to Sales and Use Tax and Estimated Income Tax**.

Annualized Income Installment Method: If the income from the trust or estate varies throughout the year, using the **annualized income installment method** may help you reduce or eliminate the amount of the estimated tax payment for one or more periods. See **Informational Publication 2018(11), A Guide to Calculating Your Annualized Estimated Income Tax Installments and Worksheet CT-1040 AES**.

Interest: You may be charged interest if you did not pay enough tax through withholding, estimated payments, or both, by the installment due date, or if any pass-through entity tax credit (PE Tax Credit) reported to you on **Schedule CT K-1, Member's Share of Certain Connecticut Items**, Part III, Line 1, or **Schedule CT-1041 K-1, Beneficiary's Share of Certain Connecticut Items**, Part IV, Line 1, is not sufficient to cover your tax liability by the installment due date. This is true even if you are due a refund when you file your tax return.

Interest is calculated separately for each installment. Therefore, you may owe interest for an earlier installment even if you paid enough tax later to make up for the underpayment. Interest at 1% per month or fraction of a month will be added to the tax due until the **earlier** of April 15, 2020, or the date on which the underpayment is paid.

If you file your income tax return for the 2019 taxable year on or before January 31, 2020, and pay in full the amount computed on the return as payable on or before that date, you will not be charged interest for failing to make the estimated payment due January 15, 2020.

How to File and Pay: Visit portal.ct.gov/TSC to use the **Taxpayer Service Center (TSC)** to electronically file your return and make a direct tax payment or to download and print the return. If you choose, you can mail the completed payment coupon to the address listed on the coupon.

For More Information: Call the Department of Revenue Services (DRS) during business hours, Monday through Friday, at **800-382-9463** (Connecticut calls outside the Greater Hartford calling area only) or **860-297-5962** (from anywhere). **TTY, TDD, and Text Telephone users only** may transmit inquiries anytime by calling 860-297-4911.
