<b>Section</b>	<b>I</b>	<b>Purpose</b>
----------------	----------	----------------

The purpose of this grant is to ensure academic and social success for students participating in the Open Choice Program in the Hartford Region.

<b>Section</b>	<b>II</b>	<b>Background</b>
----------------	-----------	-------------------

With the July 1, 2007, expiration of the first Sheff v. O’Neill Stipulation and Order (see Milo Sheff, et al. v. William A. O’Neill, et al. No. X03-89-0498119S January 22, 2003), the State and the plaintiffs entered into an agreement known as the Phase II Stipulation and Order (Order), which was approved by the court on June 11, 2008, (see Milo Sheff, et al. v. William A. O’Neill, et al. HHD-X07-CV89-4026240 April 4, 2008). The Order specifies interim performance benchmarks and goals concerning the percentage of Hartford-resident minority students placed in reduced racial isolation settings.

The Open Choice Program plays a significant role in the State’s plan to meet its responsibilities as outlined in the Order. This statewide program is intended to reduce racial, ethnic, and economic isolation, improve student achievement and provide parents with a choice of educational programming. A focus of the Connecticut State Department of Education (CSDE) is to raise awareness of Open Choice in the Hartford region, increase the scope and level of academic and social supports for participating students, their families, receiving districts, and thereby encourage Hartford area families and communities to increase participation in the program. The CSDE’s long-term goal is to increase each Hartford area district’s participation in the program to at least 3% of its student population, making it critical for students, families, and staff involved in the program – residing in Hartford and the participating suburbs – to receive academic and social supports that ensure student success.

<b>Section</b>	<b>III</b>	<b>Eligibility</b>
----------------	------------	--------------------

To be eligible for a grant, each applicant must receive Open Choice students and submit a proposal outlining the strategies and programs that they will implement to provide academic and social support to the students in the Open Choice Program.

**Eligibility Requirements for 2012-13:**

Although Open Choice is a statewide program, only those school districts participating in the Open Choice Program in the Hartford region, that contribute to the State meeting the goals of the Sheff Phase II Stipulation and Order, are eligible for funding through this grant. A list of eligible applicants per Connecticut General Statutes Section 10-266aa (o) is in Appendix A, along with their entitlements.

Districts that choose not to apply for funding should email the State Department of Education Open Choice Academic, Student and Social Support Program Manager declining the funds no later than the due date on the grant application. The State Department of Education will reallocate those funds to other districts.

All districts receiving grant funding will receive site visits in 2012-13. Districts that do not respond to requests to schedule a site visit, or otherwise decline to participate, may jeopardize their current year’s funding and will be ineligible for funding the following year.

<b>Section</b>	<b>IV</b>	<b>Funding</b>
----------------	-----------	----------------

There is approximately \$2.7 million available to fund academic and social support activities. This funding is in addition to, not in place of, the statutorily provided Open Choice grant currently funded on a tiered basis depending on the district's level of participation in the program. Grants are awarded on an entitlement basis, upon CSDE's approval of the required grant application. See Appendix A for estimated district entitlements.

Funding is to be distributed as follows:

- **Per Pupil Award:** Districts receiving Open Choice students will receive \$575 per student in grades K-5 and \$900 per student in grades 6-12 based on their January 15, 2012, Open Choice enrollment as filed in the State's Public School Information System.
- **Tiered Incentive:** Those districts that continue to increase their enrollment of Open Choice students in an effort to meet or exceed the 3% enrollment target, are eligible for the Tiered Incentive. Based on their January 15, 2012, Open Choice enrollment as filed in the State's Public School Information System, a district will receive the following amount in addition to the Per Pupil Award described above:
  - \$50,000 if Open Choice student enrollment is greater than or equal to 2.1% and less than 2.7% of the district's enrollment;
  - \$75,000 if Open Choice student enrollment is greater than or equal to 2.7% and less than 3% of the district's enrollment; or
  - \$115,000 if Open Choice student enrollment is greater than or equal to 3% of the district's enrollment.
- **Hold Harmless:** All districts with enrollment greater than 1%, that increase seats over their January 15, 2012 level will be eligible for a hold harmless provision. This provision will provide them with at least as much funding as they received in Fiscal Year 2011-12.
- This year an additional **\$5,000** per district is available for professional development in the areas of school climate and multicultural education. These funds can *only* be expended for such purposes and a separate program narrative and budget must be submitted detailing the use of the funds.
- **Districts that do not offer additional Open Choice seats for the 2012-13 school year, will not be eligible for an Academic, Student and Social Support Grant.**

*Please note that the entitlement amounts listed in Attachment A are estimates, and that all participating districts are eligible for the Tiered Incentive portion of the grant if the enrollment criteria are met. Actual amounts will be based on January 15, 2013, Open Choice student enrollments. All awards are subject to the availability of funds.*

<b>Section</b>	<b>V</b>	<b>Allowable Costs</b>
----------------	----------	------------------------
