I. Purpose

The 21st Century Community Learning Centers (21st CCLC) program was established by Congress under Title IV, Part B of the Elementary and Secondary Education Act (ESEA). The passage of the *No Child Left Behind Act of 2001*, significantly amended the ESEA to expand state and local accountability and flexibility and to stress the adoption of research-based practices pursuant to Title IV, Part B of the ESEA, as amended by the Every Student Succeeds Act (ESSA)(20 U.S.C. 7171-7176).

The purpose of the grant is to fund *community-learning centers* that provide students with academic and enrichment opportunities outside of regular school hours. Centers, which can be located in elementary or secondary schools or other similarly accessible facilities, provide a range of high-quality services to support student learning and development. At the same time, centers help support families by offering them educational development opportunities and providing a safe environment for students when school is not in session.

The specific purposes of the 21st CCLC program are to:

- provide opportunities for academic enrichment, including homework help and tutorial services to students, particularly those who attend schools with a demonstrated need for services, to meet state and local student performance standards in core academic subjects, such as reading, mathematics and science;
- offer students a broad array of additional services, programs and activities, such as: youth development activities; drug, violence and pregnancy prevention programs; counseling; project-based learning; art, music, technology education programs; service learning; character education and recreation programs that are designed to reinforce and complement the regular academic program of participating students; and
- offer families of students served by community learning centers opportunities for literacy and related educational development, such as: adult development activities, family activities, opportunities for governance and leadership involvement and participation in school and program events.

There are two 21st CCLC program options. The application cover sheet must identify one of the following options:

Option A: Elementary and/or Middle School 21st CCLC; or

Option B: High School 21st CCLC.

II. Eligible Applicants

Eligible applicants must serve schools where at least 40 percent of students are eligible to receive free or reduced price meals. If a school's data have changed due to school closings and/or redistricting, the Connecticut State Department of Education (CSDE) reserves the right to award or deny eligibility. Applicants may submit more than one proposal.

The following entities are eligible applicants:

- all local educational agencies (LEAs), endowed academies, charter and magnet schools;
- Regional Educational Service Centers (RESCs) applying on behalf of LEAs or magnet schools;
- Community-based organizations (CBOs), including faith-based organizations (FBOs) and other public or private organizations in partnership with a local school or school district; and
- a consortium of two or more of the above-mentioned agencies, organizations or entities.

21st Century Community Learning Centers Grant Application 2017

All proposals require signatures from the applicant LEAs superintendent or other authorized personnel, and principal(s) of the participating school(s). **These signatures serve as attestation to the accuracy of the information provided in the proposal and certify compliance with state and federal laws and regulations, including the sharing of State Assigned Student Identifier (SASID) numbers for the CSDE data collection and reporting.**

III. Time Period, Size and Number of Grants

Time Period

A 21st CCLC grant cannot exceed five years. Continuation of funding within the five-year grant cycle is contingent upon compliance with state and federal guidelines, including student attendance and data requirements, use of funds and adequate progress towards program goals. Programs will be required to submit an End-of-Year Report and budget prior to receipt of funding each year.

Size of Grants

Grant funding requests can range from a minimum of \$50,000 to a maximum of up to \$200,000. The average cost per center ranges from \$150,000 to \$200,000, serving an average of 150 students and their families. Costs per center may be higher or lower depending on the number of individuals served, the array of activities offered and the availability of additional resources. The initial grant award will be maintained annually in years one, two and three. In year four, the process toward sustainability will commence and the applicant will receive 75 percent of the initial grant award. In year five, the applicant will receive 50 percent of the initial grant award.

Number of Grants

The number of grants funded will depend on the number of applicants, number of centers and funds available.

IV. Eligible Activities

Each eligible organization that receives an award may use the funds to carry out a broad array of before- and after-school activities (including summer recess periods and school vacations) that advance student achievement, including:

- mandatory homework help: staff must circulate and provide students with necessary resources and assistance and appropriate activities to support homework completion;
- educational activities and academic enrichment learning programs;
- science, technology, engineering and/or mathematics (STEM) activities;
- arts and music education activities;
- skills training;
- entrepreneurial education programs;
- tutoring services and mentoring programs;
- activities for English Learners (ELs) that emphasize language skills and academic achievement;
- health and wellness activities;
- recreational activities;
- telecommunications and technology education programs;
- expanded library service hours;
- programs that promote family engagement and family literacy skills;
- assistance to students who have been chronically absent, truant or suspended;

 - a. start date, end date, days per week and hours per day;
 - b. total expected weeks of programming; and

21st Century Community Learning Centers Grant Application 2017

9. Outline plans to incorporate cultural competency practices into activity offerings and overall program environment.

 - c. partner contributions of resources (e.g. use of community recreational areas, staff, supplies, etc.).
4. Address how the community has been provided with notice of intent to submit an application and that the application is available for public review.
5. Outline the process through which eligible private school students will be notified of the program and how officials were included in the planning and design of this proposal.

Federal Non-Regulatory Guidance states that students who attend private school and reside in an area served by the 21st CCLC school are eligible to attend the 21st CCLC program.

It is the responsibility of the 21st CCLC program to notify all private schools in the district of this opportunity.

Services and benefits provided to private school students must be secular, neutral, and non-ideological.

6. Describe how the organization will disseminate information about the center (including location) to the community in a manner that is understandable and accessible.

E. Expenditure of Funds and Sustainability (24 points, two pages maximum)

Outline projected use of funds and plans for sustainability of programming outside of 21st CCLC funding.

1. Provide a budget (Appendix D: ED114) and **detailed** budget narrative for year one that itemizes use of 21st CCLC funds, as well as funds from other sources, including:

 - g. in-kind or matching contributions (cannot be derived from other state or federal funds).

Grantees cannot use funds to purchase facilities or support new construction.

21st CCLC funds cannot be used to support large technology purchases. Any funds dedicated for purchase of technology must specifically be used to support the grant.

2. Describe the fee structure, if applicable, or indicate that a fee structure will not be instituted.

Applicants may establish a sliding fee scale that takes into account the financial need of the students and families targeted for services.

Applicants that choose to establish a fee structure must provide a narrative that explains the fee structure, its administration and management.

Eligible students cannot be turned away from 21st CCLC funded programming for inability to pay or lack of payment.

Funded applicants must submit documentation outlining policies and procedures for instituting a fee scale if applicable and notification to families that students are eligible to attend programming regardless of ability to pay. The LEA or CBO shall be responsible for the administration of such fees. Fees collected from the 21st CCLC program must be used to support 21st CCLC programming during the same fiscal year.

3. Outline a plan to sustain the full scope of the program in years four and five, when funding is decreased (75 percent in year four and 50 percent in year five) and beyond the five year grant cycle.

Programs with proven effectiveness are those that are most likely to be sustained after the grant period ends. Research reveals that it takes a period of approximately five years for a community to design, implement and continually revise a program to the point where the community can sustain the program, in the absence of state or federal funds.

VII. Funding History and Experience

This section is for applicants who have a funding history with the 21st CCLC Grant. Programs can lose up to 6 points in this section based on performance.

The CSDE program manager will assess the most recent year's performance data for any applicant who has received or is receiving 21st CCLC funding, since 2008. Assessment will be based on the following criteria:

1. Program operations followed the grant proposal, including number of weeks, days and hours that services were provided.
2. Program served the number of students targeted in the grant proposal or approved change request.
3. Program met goals for participant attendance expectations.

Elementary and middle school programs must maintain 60 percent average daily attendance.

High school programs must show that 75 percent of the targeted number of students attended a minimum of 50 days within the program year.

VIII. Data Collection, Evaluation, Quality Improvement and Professional Learning

Data Collection

A funded applicant must commit to submission of program and student data for Monthly Attendance Reports by the seventh day of each month of programming. The data to be collected will include:

1. Program data:
 - a. site information;
 - b. details of activities offered (e.g. start and end dates, type of activity);
 - c. teacher surveys; and
 - d. staff information.
2. Student data:
 - a. SASID information;
 - b. student demographics;
 - c. program attendance; and
 - d. school attendance.

Elementary and middle school programs are required to meet a minimum of 60 percent average daily attendance. High school programs are required to meet quarterly benchmarks to ensure that 75 percent of the targeted number of students reach 50 total days of attendance by the end of the program year.

Programs must designate a staff member for data entry. Identified staff must attend database trainings and address data issues by required deadlines.

Programs that do not meet attendance requirements are subject to a decrease in funding or termination of funding.

Evaluation

Programs must complete an End-of-Year Survey by June 30th of each year of funding describing project activities, accomplishments and outcomes. The End-of-Year Survey is used to demonstrate progress in meeting program objectives and to collect data that addresses the performance indicators of a quality after-school program.

Quality Improvement

Programs must participate in a designated quality improvement process with the CSDE and subcontracted providers. This process may include trainings, meetings, conference calls, scheduled site visits for program observation and feedback and interviews with administrators, staff, families and students.

Programs must submit appropriate forms and receive prior approval from the CSDE Program Manager before any changes are made that differ substantially from what is presented in the grant application.

Professional Learning

Programs must send a representative team to required CSDE Technical Assistance Workshops and Networking Meetings (maximum of four per year).

IX. Licensing Requirement

Please note that programs receiving funding through this grant may be obligated to meet child day care licensing requirements, as defined under Connecticut General Statutes, Section 19a-77. Programs that are operated by public schools may be exempt from this requirement. For more information, please see the following Web site: <http://www.ct.gov/oec/cwp/view.asp?a=4542&q=544636> or call the Connecticut Department of Early Childhood at (860) 500-4450 for more information.

X. Components of a High-Quality After-School Program

According to the U.S. Department of Education publication, *Working for Children and Families: Safe and Smart After-School Programs*, there are nine components present in high-quality after-school programs. These are:

- goal-setting, strong management and sustainability;
- quality after-school staffing;
- high academic standards;
- attention to safety, health and nutrition issues;
- effective partnerships with community-based organizations, juvenile justice agencies, law enforcement and youth groups;
- strong involvement of families;
- enriching learning opportunities;
- linkages between school-day and after-school personnel; and
- evaluation of program progress and effectiveness.

XI. Review Process and Criteria

The CSDE will convene a panel to review all completed applications received by the due date. Grant awards will be negotiated and accepted, with modifications if necessary, in time for final award notification by October 2017. Each application will be rated according to the criteria provided within the rating form found in Appendix C.

XII. Management Control of the Program

The grantee has complete management responsibility for this grant. While the CSDE staff may be consulted for their expertise, they will not be directly responsible for the selection of sub-grantees or vendors, nor will they be directly involved in the expenditure and payment of funds.

XIII. Priority Points and Grant Award Decisions

The CSDE reserves the right to award in part, to reject all proposals, in its entirety or in part, and to waive technical defects, irregularities or omissions if, in its judgment, the best interest of the state would be served. After receiving the grant application, the CSDE reserves the right not to award all grants, to negotiate specific grant amounts, and to select certain grantees, regardless of points awarded, as part of the evaluation process to meet federal requirements or the State Board of Education's priorities. In addition, the CSDE reserves the right to change the dollar amount of grant awards to meet federal guidelines for grant awards.

All awards are subject to availability of federal funds. Grants are not final until award letters are executed.

The CSDE will notify applicants in writing of the acceptance or rejection of their proposals. If a proposal is selected for funding, the Bureau of Health/Nutrition, Family Services and Adult Education will initiate a grant award letter. The level of funding and effective dates of the projects will be set forth in the notification of the grant award. The CSDE will retain all proposals submitted and such proposals will become part of the public domain.

XIV. Obligations of Grantees

All bidders are hereby notified that the grant to be awarded is subject to contract compliance requirements, as set forth in Connecticut General Statutes Sections 4a-60 and 4a-60a and Sections 4a-68j-l et seq. of the Regulations of Connecticut State Agencies.

Furthermore, the grantee must submit periodic reports of its employment and sub-contracting practices in such form, in such manner and in such time, as may be prescribed by the Commission on Human Rights and Opportunities.

XV. Freedom of Information Act

All of the information contained in a proposal submitted in response to this RFP is subject to the provisions of the Freedom of Information Act (FOIA), Connecticut General Statutes Sections 1-200 et seq. The FOIA declares that, except as provided by federal law or state statute, records maintained or kept on file by any public agency (as defined in the statute) are public records and every person has the right to inspect such records and receive a copy of such records.

XVI. Annie E. Casey Foundation

Applicants that are part of a collaborative effort funded in whole or in part by the Annie E. Casey Foundation must submit documentation that:

- a. the collaborative oversight entity has been provided the opportunity to review and comment on the grant application or proposal prior to submission to the CSDE;
- b. the proposal or application submitted provides information detailing the activities which assure priority access to services to children, youth and families referred by the collaborative oversight entity; and
- c. the applicant shall designate someone to act as liaison for the referral process.
