

# THE SCHOOL NURSE BULLETIN

MAY 2014

*Stephanie G. Knutson, MSN, RN School Health Administrator*

## **2013-14 ED513 Report is now online!!** **(Reimbursement of Health Services for Children in Nonprofit Private Schools)**

Section 10-217a of the Connecticut General Statutes requires each town or regional school district that provides health services to children attending its public schools, in kindergarten through Grade 12, to provide the same services to children in those grades who attend nonprofit private schools within their jurisdiction, when a majority of children in those nonprofit private schools are Connecticut residents. In order to administer the grant program, which funds the health services in these nonprofit private schools, the Connecticut State Department of Education (CSDE) has determined that information is needed regarding the health services that participating towns or regional school districts provide to their public school children.

Form ED 513, which serves as the blueprint for each town or regional school district that delivers health services to children attending its eligible nonprofit private schools, **must now be completed online by the local or regional school district of each participating town!** Please note the following:

Access the CSDE's data collection Web site at <https://www.csde.state.ct.us> and complete the 2013-14, information for the ED513 report for your district by **Wednesday, June 25, 2014;**

1. Follow the instructions for the security pop-up windows until reaching the Web page that lists the various Department data collection options. Click on "ED-513 Health Services Plan - Current and Prior Years"; and You will need to contact your district's "school business official" regarding access to the ED513 report on the CSDE's data collection Web site at <https://www.csde.state.ct.us>.

If you have questions regarding the eligibility of a particular health service, please feel free to contact me at 860-807-2108 or [stephanie.knutson@ct.gov](mailto:stephanie.knutson@ct.gov). Questions regarding the Web site may be referred to Bhuvana (Bonne) Pathman, in the Bureau of Grants Management at 860-713-6458 or [Bonne.pathman@ct.gov](mailto:Bonne.pathman@ct.gov).

### **2013-14 School Year** **Retiring School Nurses**

Attention all school nurses! Please submit the following information to Glenda Stuckey at [Glenda.stuckey@ct.gov](mailto:Glenda.stuckey@ct.gov) regarding all school nurses and school nurse supervisors who will be retiring at the end of this school year:

- Name of school nurse;
- Years as a school nurse ; and
- School district.

If you have additional questions, please contact Stephanie Knutson at [stephanie.knutson@ct.gov](mailto:stephanie.knutson@ct.gov).

## **Scholarships**

*Looking for help continuing your education?  
Need a hand finishing your nursing degree?*

### **We want to help!**

In 2013, CNF provided over **\$13,000** in scholarship awards to **23 students** in various phases of their nursing education.

Applications still being accepted for 2014 awards, deadline June 20<sup>th</sup>.

Visit [www.ctnursesfoundation.org](http://www.ctnursesfoundation.org) for applications and more information.

## Centers for Disease Control and Prevention

### 2014 Binational Immunization Resource Tool for Children Birth Through 18 Years Old

(CDC Web site at <http://www.cdc.gov/vaccines/schedules/downloads/child/binational-schedule-pr.pdf>)

Revised January 2014

#### 2014 Binational Immunization Resource Tool for Children from Birth Through 18 Years

Vaccine doses administered in Mexico may be counted as valid in the United States (including vaccines not licensed for use in the U.S.) if the dose or doses are documented in writing (including the date of administration) and comply with the minimum intervals and minimum ages as recommended by the Advisory Committee on Immunization Practices. See <http://www.cdc.gov/vaccines/schedules/downloads/child/mmwr-child-schedule.pdf>.
