

**State Emergency Response Commission
Regional Emergency Planning Committee
April 26, 2012**

Each Region operates under its own set of by-laws, policies and rules. Check with your Town Official to verify who should receive the Tier II report if a town is identified within a region. **Many of the Regions are established for emergency response/emergency preparedness only and not for administrative tasks such as collecting Tier II reports.** Such as the Capitol Region Emergency Planning Committee act as the centralized repository of the members town's Tier II forms. NHASH serves as the emergency preparedness capacity. Regional information is provided to the SERC only by the Chief Executive Officer or Town Manager in writing.
