FEBRUARY 5, 2008 CONNECTICUT PRESIDENTIAL PRIMARY

For purposes of the Presidential Preference Primary, "party" means a political party having the largest or second largest enrollment in the state (C.G.S. §9-463).

With regard to qualification for a position on the ballot, please see C.G.S. Sec. 9-465 through 9-470. A candidate's name may be placed on a party's primary ballot in one of two alternative ways: (1) by the Secretary of the State, if in the Secretary's opinion the person's candidacy for the party's presidential nomination is **generally and seriously advocated or recognized according to reports in the national or state news media** ; OR (2) by petition signed by at least **one per cent of the enrolled members of the party** in the state according to the most recent *active-list* enrollment records on file in this office. The minimum signature requirement will be calculated from enrollment figures to be compiled as of November 5, 2007. (*Estimated* using the October 31, 2006 enrollment compilation, the *approximate* requirements would be 6,600 Democrats or 4,100 Republicans.)

At 10:00 A.M. on Monday, November 19, 2007 the Secretary of the State will announce the candidates she is placing on the ballot directly (without petitions). The Secretary will then promptly notify each such candidate by registered mail that his name will be included on the ballot unless the Secretary receives, not later than 4:00 p.m. Thursday, December 27, 2007 a written request, signed by the candidate, that his or her name be omitted. There will be no exceptions to this withdrawal deadline and procedure (C.G.S. Sec. 9-466). Beginning at 12:00 noon on Monday, November 19 petition forms will be issued, upon application properly made (see Sec. 9-467), for candidates not directly designated by the Secretary. Each petition page must be filed not later than 4:00 P.M. Wednesday, December 17, 2007 with the local Registrar of Voters of the appropriate party in the town in which the signers of the page are enrolled in such party. Petition signatures are verified by the local Registrars, and pages are then forwarded to this office for tabulation which is to be completed by Monday, December 31. Candidates timely filing sufficient verified petition signatures may not withdraw (Sec. 9-469).

If two or more candidates have qualified for a party's primary ballot, then on Wednesday, January 2, 2008 the Secretary will determine the order of all candidates on such ballot by lot in a public ceremony. The category "Uncommitted" will appear last on each party's ballot. (If fewer than two candidates have qualified for a party's ballot, that party's primary is cancelled.)

The presidential primary does not directly select actual delegates to the national party conventions. Rather, it determines the number of delegate positions allocated to each Presidential candidate, statewide and/or by Congressional District as the case may be. This apportionment of delegate seats "won" is done according to the applicable "proportional representation" formula, if any, prescribed by national party rules; or on a "winner takes all" basis if so authorized by such rules; or by the formula specified in the state law if the party rules provide neither a formula nor a winner-takes-all requirement. The Secretary of the State tabulates the primary returns, calculates the allocation of delegate positions to candidates, and certifies the results to the national and state parties and to the candidates. The procedure for actual selection of the delegates is governed by the rules of each party---provided that the party must select and certify the correct number of delegates committed to each candidate as so determined by the primary results. (See Secs. 9-473 and 9-482 through 9-486.)
