

*Consumer Report Card
on Health Insurance
Carriers in Connecticut*

October 2014

Dear Health Insurance Customer:

Choosing the right health insurance coverage for you and your family can be difficult and confusing. Therefore, the Connecticut Insurance Department (CID) is pleased to provide you with the latest edition of your Consumer Report Card. This Report Card is designed to help you compare Health Maintenance Organizations – commonly referred to as HMOs – and the 15 insurers with the highest premium volume in Connecticut, that offer Managed Care Plans. It will help you compare overall customer satisfaction and review benefit usage amongst the Managed Care Organizations in Connecticut.

The CID is a state agency that is statutorily required to regulate the insurance industry. As regulators, our only interest is to provide you with the most accurate and unbiased information available. In an effort to help focus your decision-making, we have included a Worksheet that lists the criteria that the Department believes are most critical in determining which health plan is right for you. I urge you to work with your insurer or independent agent to help pick the plan that is most appropriate for the needs of you and your family.

Connecticut residents are fortunate to have many health insurance options. Therefore, you will find that companies offer various benefits at different prices based on a variety of factors. It is my hope that you will take a few minutes to consider the information contained in this Report Card and to complete the Worksheet. Doing so may make the difference in helping you to choose the right company for you and your family.

Sincerely,

Thomas B. Leonardi
Insurance Commissioner

About This Report Card

The information in this report card is based on data provided by the MCOs as of year end 2013. This report card does not contain information on specific plans offered by the MCOs. Each MCO offers several different plans, and often tailors them to a specific policyholder's needs. You will need to get additional information from the MCO or your employer to make your choice. In addition to this report card, you will need provider directories, premium or contribution rates and schedules of benefits for each plan you are considering.

Q. What types of plans are covered in this comparison?

A. Managed Care Plans offered by HMOs or traditional indemnity companies. These plans attempt to manage the access, cost and quality of health care by promoting early detection and preventive care under the supervision of a primary care physician (PCP) who participates in the managed care plan's network.

Q. How does the Department get its information for this Report Card?

A. The Department sends a series of surveys to the companies. Their answers to our questions are summarized and included in this Report Card.

Q. Who can I call if I have questions about the information contained in this Report Card?

A. The Insurance Department's Consumer Affairs Division at 1-800-203-3447.

Q. Does this Report Card evaluate all benefit options?

A. No. Because different plans provide different benefits, it would be nearly impossible to do so. Also, many benefits are mandated by law and therefore would be the same across plans.

Q. Who can I call if I have questions about specific benefit options?

A. Your employer, your insurer, or your independent agent.

Q. Does this Report Card include information regarding Medicare, Medicaid and other entitlement programs?

A. No.

Consider the following factors when evaluating your options:

- Does the participating network include your current physicians, hospitals, or pharmacies?
- Are the plan's participating providers convenient in location to your home or office?
- Does the plan include an option for seeing a provider outside of the plan's network?
- Does the plan provide the health services that you are most likely to need?
- What copayments, coinsurance, or deductibles will you be responsible for paying?
- What is the premium or employee contribution?

Managed Care Plan Comparison Worksheet

In addition to this report card, you will need provider directories, premium or contribution rates and schedules of benefits for each plan you are considering.

	Option 1	Option 2	Option 3	Option 4	Option 5
MCO Name					
Plan's network includes my current physician					
Plan's network includes the hospital that I prefer					
Plan is a "gatekeeper" plan					
Physician Office Visit Copayment					
Specialist Physician Office Visit Copayment					
Emergency Care Copayment					
Urgent Care Copayment					
Inpatient Per Confinement Copayment					
Outpatient Surgical Facility Copayment					
Family Planning Coverage Included					
Prescription Drug Coverage Included					
Brand Name/Generic Copayment					
Hospice Care Coverage Included					
Physical Therapy Coverage Included					
Level of Durable Medical Equipment Included					
Routine Eye Exam Coverage Included					
Routine Hearing Exam Coverage Included					
Organ and Tissue Transplant Coverage Included					
Benefit features meet my needs (<i>Review Plan Benefits</i>)					
If Out of Network Coverage Included					
Deductible – Individual/Family					
Coinsurance					
Lifetime Maximum Benefit					

The worksheet does not include mandated benefits, since they must be included in all *managed care plans* issued in Connecticut.

1) National Committee for Quality Assurance (NCQA)
- A not-for-profit organization that reviews quality and performance measures of HMOs and health plans, providing an independent standard of accountability.

Levels of Accreditation

Excellent - awarded to Organizations with programs for service and clinical quality that meet or exceed rigorous requirements for consumer protection and quality improvement. The organization must also achieve HEDIS results in the highest range of performance.

Commendable - awarded to organizations with well-established programs for service and clinical quality that meet rigorous requirements for consumer protection and quality improvement.

Accredited - awarded to organizations with programs for service and clinical quality that meet basic requirements for consumer protection and quality improvement. Organizations awarded this status must take further action to achieve a higher accreditation status.

Provisional - awarded to organizations with programs for service and clinical quality that meet basic requirements for consumer protection and quality improvement. Organizations awarded this status must take significant action to achieve a higher accreditation status.

Denied - given to an organization whose programs for service and clinical quality did not meet NCQA requirements during the Accreditation survey.

NA - the health plan has not applied for NCQA accreditation.

Primary care physicians are defined as physicians practicing General Internal Medicine, General Practice, Family Practice, and General Pediatrics. OB/GYN physicians are not considered to be primary care physicians for this tabulation.

Listed above are the total number of primary care physicians, physician specialists, hospitals, and pharmacies for each MCO provider network in Fairfield, New Haven and Litchfield counties. If an individual physician practices in more than one office, the physician is counted once. Physicians who practice in more than one county were placed in the county that has the largest number of the MCO's enrollees.

*If a MCO utilizes more than one provider network, the network containing the least number of primary care physicians is represented.

Primary care physicians are defined as physicians practicing General Internal Medicine, General Practice, Family Practice, and General Pediatrics. OB/GYN physicians are not considered to be primary care physicians for this tabulation.

Listed above are the total number of primary care physicians, physician specialists, hospitals, and pharmacies for each MCO provider network in Hartford, Tolland and Middlesex counties. If an individual physician practices in more than one office, the physician is counted once. Physicians who practice in more than one county were placed in the county that has the largest number of the MCO's enrollees.

*If a MCO utilizes more than one provider network, the network containing the least number of primary care physicians is represented.

Quality Measures

Percentage of Primary Care Physicians Who Are Board Certified

The percentage of primary care physicians in the HMO's provider network who were board certified as of December 31, 2013.

Percentage of Physician Specialists Who Are Board Certified

The percentage of physician specialists in the HMO's provider network who were board certified as of December 31, 2013.

Quality Measures

Breast Cancer Screening

The percentage of enrolled women who: (a) were age 52 through 74 years as of December 31, 2013; and (b) were continuously enrolled during 2012 and 2013; and (c) had a mammogram any time between October 1, 2011 and December 31, 2013.

Cervical Cancer Screening

The percentage of enrolled women who: (a) were age 24 through 64 years as of December 31, 2013; and (b) were continuously enrolled during 2011, 2012 or 2013; and (c) who were either,

* a women age 21-64, who had a cervical cytology performed in 2013 or 2 years prior.

* a woman aged 30-64, who had a cervical cytology/human papillomavirus (HPV) co-testing performed in 2013 or 4 years prior.

Quality Measures

Colorectal Cancer Screening

The percentage of members 51-75 who had one or more screenings for colorectal cancer. Appropriate screenings are defined by any of the following criteria:

- a) Fecal occult blood test (FOBT) during 2013.
- b) Flexible sigmoidoscopy during 2013 or the 4 years prior to 2013.
- c) Colonoscopy during 2013 or the 9 years prior to 2013.

Controlling High Blood Pressure

The percentage of members who: (a) were age 18 through 85 years as of December 31, 2013; and (b) were diagnosed with hypertension (HTN); and (c) whose blood pressure was adequately controlled (<140/90) during 2013.

Quality Measures

Cholesterol Management for Patients with Cardiovascular Disease

The percentage of enrolled members age 18 through 75 years as of December 31, 2013 who were continuously enrolled during 2012 and 2013 who: (a) were discharged alive for acute myocardial infarction, coronary artery bypass graft, or percutaneous coronary interventions in 2012; or (b) who had a diagnosis of ischemic vascular disease during 2013 or 2012; and had an LDL-C control (<100mg/dl) during 2013

Childhood Immunizations

The percentage of enrolled children who: (a) turned two years old during 2013; and (b) were continuously enrolled for the 12 months preceding their second birthday; and (c) have received recommended immunizations. Immunizations for polio, measles, mumps, rubella, influenza type b, hepatitis b, diphtheria, tetanus, pertussis, chicken pox, pneumococcal, hepatitis a and rotavirus are included in this measure.

Quality Measures

Prenatal Care in the First Trimester

The percentage of enrolled women who: (a) delivered a live birth between November 6, 2012 and November 5, 2013; and (b) were continuously enrolled for 43 days prior to delivery through 56 days after delivery; and had at least one prenatal care visit in the first trimester or within 42 days of enrollment in the Managed Care Organization.

Postpartum Care Following Delivery

The percentage of enrolled women who: (a) delivered a live birth between November 6, 2012 and November 5, 2013; and (b) were continuously enrolled for 43 days prior to delivery through 56 days after delivery; and had a postpartum visit on or between 21 days and 56 days after delivery.

Quality Measures

Adult Access to Care

The percentage of enrollees ages 20-44 and 45-64 as of December 31, 2013 who (a) were continuously enrolled in the plan during 2011, 2012 and 2013; and (b) have had at least one ambulatory or preventive care visit with in 2011, 2012 or 2013.

Eye Exams for People with Diabetes

The percentage of all members with diabetes (type II and I) who: (a) were enrolled on December 31, 2013; and (b) turned 18 through 75 years of age during 2013; and (c) were continuously enrolled during 2013; and (d) had either a retinal or dilated eye examination in 2013, or had a negative retinal or dilated eye examination in 2012.

Quality Measures

Beta Blocker Treatments after a Heart Attack

The percentage of all members who: (a) were age 18 years and older as of December 31, 2013; and (b) were hospitalized and discharged alive between July 1, 2012 and June 30, 2013; and (c) had a diagnosis of Acute Myocardial Infarction (AMI); and (d) received persistent beta-blocker treatment for 6 months after discharge.

Health Maintenance Organizations Utilization Review Measures

Utilization Review (UR) is the process by which your health plan determines whether the treatment or services prescribed by your physician are appropriate or medically necessary to treat your condition. Your health plan may contract with a licensed specialty utilization review company to review recommended treatment for specific types of services (i.e. behavioral health, diagnostic services, prescription drugs, etc.).

For purposes of understanding the charts below, a higher percentage of UR denials means that more requests for prescribed treatment were denied, in whole or in part, by the health plan when compared to other plans.

Conversely, a lower percentage of UR denials when compared to other health plans means that more requests for services were approved by the health plan.

HMO	Aetna Health	Anthem BC-BS	CIGNA	ConnectiCare	Oxford
Total number of UR requests	21,243	43,359	132	36,208	14,794

Glossary

Adverse determination: Any prospective review, concurrent review or retrospective review determination that denies, reduces or terminates or fails to provide or make payment, in whole or in part, for a benefit under the health carrier's health benefit plan requested by a covered person or a covered person's treating health care professional. "Adverse determination" includes a rescission of coverage determination for grievance purposes.

Board certified physician: A physician who has passed an examination given by a medical board for a particular specialty.

Capitation: A *provider* payment method in which a *MCO* pays a fixed amount per month for each enrollee regardless of the number of services performed.

Case management: A process whereby enrollees with specific health needs are identified by the *MCO* and a plan of treatment is set up and monitored to achieve optimum patient outcome in a cost effective manner.

Center for Medicare & Medicaid Services (CMS): The federal agency responsible for administering the Medicare program, including Medicare risk contracts with *HMOs*, and overseeing each state's administration of the Medicaid program.

Coinsurance: A fixed percentage of the eligible medical expenses the enrollee is required to pay, in excess of any *deductible*.

Copayment: A flat fee that an enrollee is required to pay each time a specified service is rendered, in excess of any *deductible*.

Credentialing: A process of review to include and maintain a *provider* as a *participating provider* in the *MCO's* network.

Deductible: The portion of eligible medical expenses in a calendar or contract year that an enrollee must pay before any benefits are paid.

Drug formulary: A listing of prescription drugs that are preferred for use by the *MCO*. The physician is encouraged to prescribe formulary drugs unless there is a valid medical reason to use a nonformulary drug. There may be higher cost sharing for nonformulary drugs.

Emergency medical treatment: Treatment for a condition a prudent layperson reasonably believes requires immediate medical attention. Coverage is determined based on either the presenting symptoms or the final diagnosis, whichever reasonably indicates an emergency medical condition.

Employee Retirement Income Security Act of 1974 (ERISA): Federal law that sets regulatory standards for employer plans.

Fee for service: A *provider* payment method in which a *MCO* pays a fee for each service provided.

Fully insured plan: A plan that is backed by an insurance policy that provides benefits for a premium.

Gatekeeper plan: A plan that requires an enrollee to first seek treatment from a chosen *primary care physician* before seeing a specialist. The *primary care physician* must make referrals to specialists for the services to be covered under the plan.

Health maintenance organization (HMO): A company that provides, offers or arranges for coverage of health services needed by plan members for a fixed, prepaid premium. In Connecticut, such organizations are licensed as health care centers.

Indemnity MCO: A licensed non-HMO insurer that offers a managed care plan in Connecticut.

Indemnity plan: An insurance plan in which the enrollee is reimbursed at a specified level for covered expenses.

Individual practice association (IPA): An association of physicians that contracts with a *MCO* to provide health services.

Managed care: A system of health care delivery that attempts to manage the access, cost and quality of health care by monitoring how and in what manner services are provided.

Managed care organization (MCO): An insurer, health care center, hospital or other organization delivering a *managed care plan*.

Managed care plan: An insured health plan that uses *UR* and a network of *participating providers*.

Mandated benefit: Policy benefits that are required to be provided by statute.

Medical loss ratio: The ratio of incurred claims to earned premium, which represents the percent of the premium that is applied to medical expenses.

NCQA accreditation: National Committee on Quality Assurance is a not for profit organization that reviews quality and performance measures of *HMOs* and health plans thereby providing an external standard of accountability.

Network plan: A plan that requires an enrollee to seek care from a *provider* who is under contract with the *MCO* to receive the highest level of benefits. This would also include a plan that provides additional coverage for services by *providers* outside the network. The out of network option generally provides coverage at a lower level of benefits.

Participating provider: A provider who has a contract with the *MCO* to deliver medical services to enrollees for an agreed upon fee.

Point of service plan (POS): A network plan that allows an enrollee to seek treatment from a non-participating provider at a lower level of benefits.

Preferred provider organization (PPO): An independent network of *providers* that contracts with a *MCO* to provide health services. A PPO cannot market insured health insurance policies on its own unless it obtains a license as an insurer or health care center.

Preferred provider organization plan: A network plan that allows an enrollee to seek treatment from a non-participating provider at a lower level of benefits.

Primary care physician (PCP): A physician chosen by an enrollee to provide primary care. The plan may require the PCP to make referrals to specialists for the services to be covered under the plan.

Preauthorization: The process whereby the *MCO* requires services or plans of treatment to be approved before given.

Precertification: The process whereby the *MCO* requires services or plans of treatment to be approved before given.

Prior authorization: The process whereby the *MCO* requires services or plans of treatment to be approved before given.

Provider: A physician, hospital, nursing home, pharmacy, lab or any individual or group that provides a health care service.

Reasonable and customary fee: The commonly charged or prevailing fees for health services in a specific geographic area. *Indemnity plans* generally provide coverage for services based on the reasonable and customary fees. In addition to any *deductible* or *coinsurance* amount, an enrollee would be responsible for paying the *provider* the difference between the billed charge and the reasonable and customary charge if the billed charge was higher.

Referral: The request to the *MCO* by a *primary care physician* for an enrollee to receive care from a specialist, a non-participating provider or facility.

Self insured plan: A group plan in which the employer takes on the risk of claims. The employer will generally contract with a third party, often an insurance company, to handle the administration of the plan. Such plans are not regulated by the Insurance Department, but are subject to federal *ERISA* guidelines.

Utilization review (UR): The use of a set of formal techniques designed to monitor the use of, or evaluate the medical necessity, appropriateness, efficacy or efficiency of, health care services, health care procedures or health care settings. Such techniques may include the monitoring of or evaluation of (A) health care services performed or provided in an outpatient setting, (B) the formal process for determining, prior to discharge from a facility, the coordination and management of the care that a patient receives following discharge from a facility, (C) opportunities or requirements to obtain a clinical evaluation by a health care professional other than the one originally making a recommendation for a proposed health care service, (D) coordinated sets of activities conducted for individual patient management of serious, complicated, protracted or other health conditions, or (E) prospective review, concurrent review, retrospective review or certification.

Utilization review company (URC): A company, organization or other entity licensed in Connecticut to perform *UR*. Agencies of the federal and state government are not considered *URC* under Connecticut General Statutes.

**Additional licensed companies that offer a managed care plan in Connecticut but were not included in this guide.
The same information found in this guide, is available directly from the companies or at the offices of the Insurance Department.**
