**Re: CHANGE OF RESIDENT LICENSE REQUIREMENTS**

Individuals currently licensed in Connecticut who are moving to another state, are no longer required to re-apply for a CT insurance license. The licensee's authority in Connecticut will not be canceled (unless requested by the licensee). In accordance with 38a-771, the Department must be notified of the new address within 30 days.

A licensee continues to be responsible for advising all insurance companies they represent of changed of address, and for maintaining their required company appointments.
