

## Sub Committee Report- Information Technology

### Summary of Meeting

April 30<sup>th</sup>, 2010

- Focus of the meeting- Reviewed draft outline of the IT system as it stands currently and the proposed change for the future system. We discussed developing cost of the proposed system for the private providers and DDS.
- Actions to be taken for future meeting- Invite DDS IT staff to join our next meeting to discuss our ideas for proposed system and provide cost estimate for DDS on this new system. Get cost estimates from a select number of providers of various sizes to identify cost impact on their agencies.
- Future Actions- Establish next meeting date at the availability of IT staff person. Identify items/topics that we would like him to address.
- Meeting Scheduled- Next meeting date has not been set.
