

**Department of Developmental Services
Update on Post COVID+ Determination Date Reporting
Communicated to DDS Providers on 4/29/20 via Everbridge Notice**

POST COVID+ DETERMINATION DATE – To determine the COVID-19 Post+ Determination Date, providers shall use the following Non-Test Based Strategy as outlined in Operations Memo 2020-21. [Memo revised as 2020-22]

i. At least 3 days (72 hours) have passed since recovery defined as resolution of fever without the use of fever-reducing medications and improvement in respiratory symptoms (e.g., cough, shortness of breath); and,

ii. At least 7 days have passed since symptoms first appeared

If an individual meets the criteria in both (i) and (ii), the provider shall enter the applicable date on the report.
