The Medication Administration Recertification Review Class and Exam is a two hour refresher course directly followed by the recertification exam. This is intended **only for employees at agencies that do not give the recertification exam at their agency and test with DDS.** It is recommended that all employees attend a review course before taking the recertification exam; however, on page 61, you can find information regarding stand alone recertification exams if the employee does not wish to attend the two hour review before testing. The recertification review course and exam registration form can be found on the DDS website.

THINGS TO REMEMBER FOR EXAM ATTENDEES:

Exam attendees must arrive at least 15 minutes early. Registered attendees that arrive late will not be allowed into the exam.

All exam participants must bring a pen for the exam.

A valid photo ID is required for check in. No pictures of an ID will be accepted.

A mask must be worn properly covering mouth and nose while in all DDS training centers, regardless of vaccination status.

RETRAINING

OVERVIEW

The Retraining Course is intended for employees who have made multiple medication administration errors and have already been retrained on site by their delegating RN, but continue to make medication administration errors. The course will be held over two full days, for a total of 12 retraining hours.

Registration for the retraining should be completed through the online registration link that can be found on the DDS website. In addition to the registration form completed by the agency Med Coordinator, the delegating RN that oversees the employee must provide documentation of the staff's med errors and retraining history. The RN needs to provide this information through the online form. Everything should be submitted at one time.

The employee will not be registered in the class without documentation of all errors and retraining history from the RN.

REMINDER: This is NOT a course for employees who are struggling with the recertification exam. Recertification exam review or retraining must be handled by the delegating RN at the agency. The Retraining courses offered through DDS are for employees who have made multiple medication administration errors and have already been retrained by their delegating nurse and are still struggling with med errors.

Retraining classes may be cancelled due to low enrollment. Agency Med Coordinators will be notified of cancellations.
