### Provider Description

**Information provided by the provider describing their agency:**

GIL Foundation, Inc. History & Philosophy

GIL “Grounded In Love” Foundation, Incorporated is a private, 501(c)(3) nonprofit organization celebrating over 30-years of comprehensive supports and services to community residents with intellectual/developmental disabilities, and autism in Connecticut. GIL is a long-standing member of the CT Association of Nonprofits. The organization’s mission to the community began in 1985 as a seasonal recreational and educational program operating in the lower level of the Prospect Town Hall. In 1987 the Company broadened its’ scope and vision to become a full service, twenty-four hour residential care provider – developing its’ first community residence in partnership with the State of CT, Department of Developmental Services.

GIL is committed to providing the highest quality of services to the residents of our programs while ensuring that their rights are protected. We continue to work diligently toward affording the individuals being served an appropriate amount of care and support to meet all their daily needs while also providing a wide variety of opportunities and choices in an effort to encourage personal expression. We are committed to providing services and supports that are culturally competent, valuing diversity in every setting. GIL realizes that in order to embrace our purpose in serving the individuals of our community residential programs, everyone must work together as a team, determined to look out for the interests of others. Our cooperative mission therefore, is to strive for excellence, offering the recipient of our service the most pleasant environment possible, while providing for the opportunities and challenges necessary to enrich their lives to the fullest.

GIL Mission: Committed to a Higher Standard

GIL Vision: Pursuing Opportunities | Overcoming Challenges | Transforming Lives

Gil Values: People | Love & Compassion | High Standards of Integrity | Continual Improvement
