Provider Description

Information provided by the provider describing their agency:

I have worked directly with individuals receiving support(s) from DDS for close to a decade and the mission of the department is one with which I closely identify. As a former HCC provider for a private agency, transferable skills contribute to my success in the independent contractor role.

My passion for my career in IDD nursing, and an eagerness to make a difference has allowed me to develop superior rapport building skills enhancing consumer relations and health management.

With deep expertise across care coordination and clinical skill, the supports I provide are aimed at promoting independence and enhancing quality of life in the least restrictive setting. Through close monitoring of health conditions, education and communication I look forward to promoting positive, proactive, and progressive changes in the lives of consumers.

I am thrilled to be accepting new clients and I thank you in advance for considering me for this role. I look forward to hearing from you.
