### Provider Description

**Information provided by the provider describing their agency:**

At EmpowerEd Behavior Systems, our mission is to empower individuals, promote growth, and foster independence through the application of the principles of applied behavior analysis (ABA).

ABA is utilized to assess skills and behaviors. ABA is also utilized to teach new skills and improve skills that are of value to individuals. In addition, training on ABA is provided to those that most often interact with the individual in their home and community settings to promote maintenance and generalization of skills across all settings.
