Provider Description

Information provided by the provider describing their agency:

Community Systems, Inc. is a four-state family of non-profit, tax exempt corporations whose MISSION is: helping persons with disabilities to find happiness in their own homes, in their personal relationships, and as contributing members of their community.

At Community Systems, Inc., we excel at helping persons with disabilities find happiness in their own homes, in their personal relationships and as contributing members of their community.

Our results-driven approach leads to lower social costs and a stronger, healthier community.

We are distinctive for our:

- Dedication to individual supports planned one person at a time
- Tenacity in helping persons with challenges to find success
- Commitment to remain abreast of best practice, and our
- Staunch belief that no one with disabilities need live in an institution.

Why happiness?

In 1988, we asked an interview panel what additional support we could provide for their loved ones. One mother simply replied, "All I want is for Kathy to be happy."

It is what we all seek, for ourselves and our families and it became our corporate mission to which we remain dedicated today and into the future.

CSI Connecticut

CSI-Connecticut (created 1987) offers residential, employment, and volunteer/community experience supports on behalf of the Connecticut Department of Developmental Services. The personal profiles of many supported persons include dual diagnosis (ID/MI); others have intensive and multiple physical health needs. CSI-CT also has a special interest in supporting challenging young adults who have a need for residential supports.
