Subject: Cribari Bridge

To whom it may concern,

I have lived in Westport for 28 years. For five of those years we lived in one of the old Victorian houses up the street from the Cribari Bridge. The old bridge is charming and there is already way too much traffic on that road as it is. (Reason why we moved). Can not imagine changing the lovely bridge and then turning that road into a cut through for trucks and anyone else trying to beat the traffic on 95. Will be creating a monster in what is a charming neighborhood.

Thank you

Melanie Minella
