

TransformCT

Connecticut's Strategic Transportation Plan

WWW.TRANSFORMCT.INFO

Connecticut has an historic opportunity to redefine its future and chart a path for a more prosperous, sustainable, and livable state. TransformCT is an opportunity to rethink and transform our transportation system to respond to people's current needs and adapt to future lifestyles.

People from every walk of life, of all ages, and from every corner of the state – residents, businesses, everyone who lives, works, or travels in Connecticut – are encouraged to participate.

TransformCT is hosting its first round of Public Open Houses. Please come and learn about the project and share your vision for the state.

Each of the public workshop locations are handicapped accessible. Anyone who wishes to attend one of these public workshops and requires special accommodations or language assistance should contact the Connecticut Department of Transportation's Office of Communications at (860) 594-3061 (voice only) or by e-mail at DOTAccommodations@ct.gov by February 18, 2014.

Visit www.transformct.info for directions to the venues and additional information.
