

**SECTION 5.04**  
**RAILROAD PROTECTION**

**5.04.01--Description:** This item shall consist of securing protective services such as flagmen, conductors and similar protective labor from the railroad for work occasioned by the operations of the Contractor on, over, under or adjacent to the railroad right-of-way. It shall include the securing of any required protective devices. Such services and devices shall be for the protection of the railroad and those engaged in work during periods when the nature of the Contractor's work is such as to make it necessary.

The amount and type of railroad protection shall be as required by the railroad and it shall be the responsibility of the Contractor to determine from the railroad the amount of protection required and all items of expense related thereto, such as prevailing and future labor rates and other charges.

The service shall be secured by the Contractor and he shall reimburse the railroad in accordance with its terms on such transactions. The Contractor is warned that the railroad may require advance payment of all or a portion of the amount to become due.

**5.04.02--Vacant**

**5.04.03--Vacant**

**5.04.04--Method of Measurement:** This work will be measured for payment by the number of hours for each person rendering such services at the project site as approved by the Engineer. Protective services for railroad crossing at other locations or at locations solely for the convenience or benefit of the Contractor will not be measured for payment.

**5.04.05--Basis of Payment:** This work will be paid for at the contract unit price per hour for "Railroad Protection" which price shall include all work, material and services provided by the railroad for protective services required by the operations of the Contractor on, over, under or adjacent to the railroad and approved by the Engineer.

Protective services for railroad crossings at other locations or at locations solely for the convenience or benefit of the Contractor shall be the responsibility of and at the expense of the Contractor and will not be included in this item.

Final settlement with the Contractor will be contingent upon proof that the railroad has been reimbursed for all necessary railroad protective services or that satisfactory arrangements have been made for such reimbursement.
