

**SECTION 9.07
BARWAYS**

9.07.01--Description: These barways shall consist of wood posts and rails with the necessary fittings, erected in the locations and to the dimensions and details shown on the plans or as ordered and in accordance with these specifications.

9.07.02--Materials: The materials for this work shall conform to the requirements of Article M.10.03.

9.07.03--Construction Methods: The barways shall be built in the locations and in accordance with the dimensions and details shown on the plans or as ordered. The posts shall be set plumb and firm in the ground, braced, and the fittings shall be neatly and firmly attached. The whole shall be completed in a neat and workmanlike manner to the satisfaction of the Engineer.

9.07.04--Method of Measurement: The quantity to be paid for under this item will be the number of completed and accepted barways.

9.07.05--Basis of Payment: This work will be paid for at the contract unit price each for "Barway," complete in place, which price shall include all materials, tools, equipment, and labor incidental thereto, also all excavation, refilling and disposal of surplus material.
