CT 2017 MOTORCYCLE SAFETY OVERVIEW

Motorcycle Safety

Performance Goals:

To decrease the number of un-helmeted fatalities below the five year (2010-2014) moving average of 29 in 2014 by 5 percent to a five year (2014-2018) projected moving average of 27 in 2018.

To decrease the number of motorcyclist fatalities below the five year (2010-2014) moving average of 50 in 2014 by 5 percent to a five year (2014-2018) projected moving average of 47 in 2018.

To decrease the percentage of fatally injured motorcycle operators with BACs greater than or equal to than 0.01 below the five year (2009-2013) moving average of 40 percent in 2013 by 5 percent to a five year (2013-2017) projected moving average of 38 percent in 2017.

The following activities took place as part of the Motorcycle Safety program to meet the above goals/targets. The target(s) was/were met/not met for the following reasons:

The general goal of Connecticut's Motorcycle Safety Program is to reduce the number of injuries and deaths among motorcycle operators and passengers. The latest available data from 2016 indicates that the five year (2012-2016) moving average of un-helmeted fatalities is 31. During the same time period, the five year moving average for fatalities was 53. Un-helmeted fatalities over the last five years has shown an increase of nearly 60 percent and overall motorcycle fatalities has decreased slightly in relation to total fatalities at 18 percent (52 out of 293). Data also indicates that in 2015, 37 percent of motorcycle fatalities had a BAC greater than 0.00. The Connecticut Rider Education Program (CONREP) is the state's primary countermeasure to combat death and serious injury.

List any follow up action that will be taken to achieve targets in the future:

These goals will be achieved by continuing existing, and working toward expanding, motorcycle rider education programs, specifically the CONREP (Connecticut Rider Education Program). Addressing attitudes and operational skills through a targeted media campaign, including promoting helmet use by all riders (not just those young riders currently covered under existing law), and including motorcyclists in the planned emphasis on reducing impaired driving.

The summary of Motorcycle Safety program activity for the 2017 Federal Fiscal Year is listed below:

Activities:

Project Title: Motorcycle Safety Program Administration

Administrative Oversight: Department of Transportation, Highway Safety Office *Staff Person:* Nicholas Just

The task included coordination of activities and projects outlined in the motorcycle safety program area, statewide coordination of program activities, development and facilitation of public information and education projects, and providing status reports and updates on project activity to the Transportation Principal Safety Program Coordinator and the NHTSA Region 2 Office. The Program Coordinator served as a direct line of communication between the HSO and Community College system that administers the CONREP, including assisting in annual activity proposals and voucher reimbursement. This task and associated project are specifically meant for in-house management of the motorcycle safety program. Funding was provided for personnel, employee-related expenses, over-time, professional and outside services including facilities and support services for the required annual instructor update. Travel to in-state training facilities for project monitoring, requests for support and out-of-state travel including the annual State Motorcycle Safety Administrators Summit, travel related to training opportunities, providing educational materials for distribution to students and other related operating expenses. This project was used to fund salary while a small portion was used for travel and operating expenses.

Funding Source	Project number	Agency	Title	\$ Amount
402	0197-0701-AA	CT-DOT/HSO	Motorcycle Safety Program Administration	\$6,262.67

Project Title: Connecticut Rider Education Program (Training) Administration

Administrative Oversight: Department of Transportation, Highway Safety Office *Staff Person:* Nicholas Just

Rider training is the primary countermeasure applied to reaching the performance goal of decreasing the total number of motorcycle fatalities and decreasing the number of un-helmeted fatalities. This task provided for the oversight of the CONREP in the following ways; the training and monitoring of 110 certified motorcycle safety instructors, providing support services to the Connecticut Rider Education Program training sites by providing funding for quality assurance monitoring, technical assistance and support services, Motorcycle Safety

Foundation(MSF) curriculum materials, updating and maintaining the program’s www.ride4ever.org website, which is the programs direct point of contact for course students and license waiver information. A Motorcycle Training Coordinator as well as a data consultant was utilized to accomplish this task. Preparing and maintaining project documentation, and evaluating task accomplishments. Funding was provided for personnel, employee-related expenses and overtime, professional and outside services, travel, materials, supplies, and other related operating expenses.

Funding Source	Project Number	Agency	Title	\$ Amount
402-MC	0197-0701-AB	CT-DOT /HSO	CONREP Technical Assist.	\$106,623.85

Project Title: Expanding Motorcycle Safety Efforts

Administrative Oversight: Department of Transportation,
Highway Safety Office Staff Person: Nicholas Just

This task utilized Section 405(f) funds to expand statewide motorcycle safety efforts. To expand training activities the CONREP recruited and trained potential instructor candidates and conduct mandatory Transitional Rider Coach Prep (TRCP) to transition to the new MSF Curriculum. A Rider coach trainer was utilized to train three additional instructors in the Evergreen Safety Councils STEP three wheel curriculum.

Funding Source	Project Number	Agency	Title	\$ Amount
405f-1 (M9MT)	0197-0744-1-AA	CT-DOT /HSO	Curriculum	\$10,591.61

Project Title: “Share the Road”

Administrative Oversight: Department of Transportation, Highway Safety Office Staff Person: Nicholas Just

A “Share the Road” Media campaign was utilized during the peak riding months to encourage motorists to “Look twice and save a life, Share the Road with Motorcycles” Static billboards were placed in high volume traffic areas as well as a radio spot that ran during peak drive times and ran from May – July.

Funding Source	Project Number	Agency	Title	\$ Amount
405f-1 (M9MT)	0197-0744-2-AC	CT-DOT /HSO	Media Campaign	\$100,000

Total Amount of funds expended in this program area:

There was \$110,591.61 in 405(f) funds spent in this program area during FFY2017.

There was \$112,886.52 in 402 funds spent in this program area during FFY2017.

Graph 9

Graph 9 shows Connecticut's motorcyclist fatalities. Both the number of fatalities as well as unhelmeted fatalities are shown. There were 52 motorcyclist fatalities in 2016, 36 of which were unhelmeted. The graph data has been updated to reflect current numbers and may not correspond with some previously reported data.

2017 HSP Goal(s):

To decrease the number of motorcyclist fatalities below the five year (2010-2014) moving average of 50 in 2014 by 5 percent to a five year (2014-2018) projected moving average of 47 in 2018.

To decrease the number of un-helmeted fatalities below the five year (2010-2014) moving average of 29 in 2014 by 5 percent to a five year (2014-2018) projected moving average of 27 in 2018.

Outcome:

While single year values for motorcyclist fatalities have experienced a three year decrease, the number of unhelmeted motorcyclists have experienced year to year increases over the same time period. The five-year moving average for motorcycle fatalities for 2012-2016 increased from 49 to 53 and the five-year moving average for unhelmeted fatalities for the same period decreased from 31 to 29.

*Please note that data in this Report is sourced from the most recent Connecticut FARS database and preliminary 2016 Connecticut FARS Annual Report file. The data will be updated again in accordance with NHTSA -FARS standards and changes may be reflected.
