III. DEPARTMENT ANALYSIS AND CONCLUSIONS OF LAW

The Department of Transportation has jurisdiction over any person operating any motor vehicle in the transportation of household goods for hire as a household goods carrier pursuant to Section 13b-389 of the Connecticut General Statutes. Further, no person shall operate as a household goods carrier, within Connecticut, without first obtaining a certificate of public convenience and necessity to so operate.

In determining whether such a certificate shall be granted, the Commissioner of Transportation shall take into consideration the existing motor transportation facilities and the effect upon them of granting such a certificate, the suitability of the applicant, the financial responsibility of the applicant, the ability of the applicant to efficiently perform the service for which the authority is requested, and the criminal history of the applicant pursuant to Section 13b-392 of the Connecticut General Statutes.

As far as the applicant's financial ability is concerned, the applicant presented evidence of office rental cost of \$30,672.66, insurance cost of \$1,114.67, vehicle lease cost of \$14,400, advertising cost of \$3,600.00, and communications cost of \$1,207.26 for a total expense of \$50,994.59. The applicant has \$55,229 in a business bank account which is sufficient to cover these costs thereby making the applicant financially suitable.

The applicant submitted a criminal record check for Gary Betser which showed no criminal record. The applicant has owned and operated a household goods moving company for about six (6) years. Based on the evidence presented, the applicant is suitable to handle this proposed operation.

Another factor to be considered is the ability of the applicant to efficiently perform the service for which the authority is requested. The applicant plans to utilize a 2019 International for the business. The applicant's one (1) vehicle will enable efficient performance of duties.

The last criterion to be considered is the effect on the existing motor carrier facilities by granting this certificate. No moving companies have opposed the application indicating that there would be little, if any, effect on the operators in that area.

Based on the evidence provided, the applicant has proven all the necessary elements to be granted a certificate to operate a household goods moving company from a headquarters in Seymour.
