Fare Equity Analysis

- USDOT requires the Department to conduct an equity analysis to determine if the service or fares will have a disparate impact on the basis of race, color, or national origin; or a disproportionate impact on low-income populations.
- Where possible, make efforts to avoid, minimize or mitigate adverse or disproportionate impacts.

Service And Fare Equity Analysis: Results

- The SAFE analysis was conducted by UCONN.
- The SAFE analysis of the proposed *CTrail* service and fares show no disparate impact on minority populations or disproportionate burden on low-income populations.
- The complete SAFE analysis, service description, proposed fares, and related information can be reviewed on the CTDOT website at:
