# Gather Feedback on Draft Objectives

# The Feedback Process

---

- We will be moving into BREAKOUT ROOMS BY PRIORITY AREA to gather your feedback on each set of objectives statements.
- Breakout rooms will be facilitated by HRiA staff members, who will be rotating from working group to working group, sharing their screen, and taking notes on the feedback provided.
- You will be providing feedback on the objectives for other three priority areas, with a total of three, 30-minute rotations.
- Please refer to your **printout** of the draft objectives so that we can use the entire screen to share the feedback gathered during the breakout rotations.

# Providing Feedback

Like	Change	Add

- You will be providing your **individual opinion**. It is not necessary for your working group to reach consensus on feedback provided.
  - What do you like?
  - What needs to be clarified or changed?
  - What needs to be added?
- We will be using the “**raise hand**” feature to allow everyone the opportunity to speak.
- We encourage all working group members to unmute to share their feedback.
- Please reference an objective by number before sharing your feedback.
