<p>UMKC Institute for Human Development, University Center</p>	<p>The Charting the LifeCourse Framework was created BY FAMILIES to help individuals and families of all abilities and all ages develop a vision for a good life, think about what they need to know and do, identify how to find or develop supports, and discover what it takes to live the lives they want to live. Individuals and families may focus on their current situation and stage of life but may also find it helpful to look ahead to think about life experiences that will help move them toward an inclusive, productive life in the future.*** Families may be able to use these resources to assist with presenting ideas and goals at PPT and/or 504 meetings. Can be used to assist with the development of Individualized Education Plans (IEP), Behavioral Intervention Plans (BIP), Student Success Plans (SSP), Individualized Transition Plans, etc.</p>	<p>215 W Pershing, 5th Floor, Kansas City, MO 64108</p>	<p>1-800-779-8652</p>	<p>https://www.lifecoursetools.com/</p>
