HISTORY

The Connecticut Veterans Home, founded in 1864, was the first home for Veterans in the country. The Home served the needs of thousands of Service members from various wars until 1940 when it was relocated to its current location in Rocky Hill where the support and care for Connecticut Veterans continues.

The Residential Program provides Veterans with a continuum of rehabilitation services & programs designed to return them to independent living.

Residential Staff assists each Veteran in developing an individualized rehabilitative plan outlining his or her goals and objectives and removing barriers to achieving them.
