

STATE OF CONNECTICUT

BY HIS EXCELLENCY

NED LAMONT

EXECUTIVE ORDER NO. 9T

PROTECTION OF PUBLIC HEALTH AND SAFETY DURING COVID-19 PANDEMIC – EXTENSION OF PROTECTIONS FOR RENTERS

WHEREAS, on March 10, 2020, I declared public health and civil preparedness emergencies throughout the State of Connecticut as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and Connecticut; and

WHEREAS, on September 1, 2020, I renewed the March 10, 2020 declaration of public health and civil preparedness emergencies and also issued new declarations of public health and civil preparedness emergencies, which new and renewed emergencies shall remain in effect until February 9, 2021, unless earlier terminated; and

WHEREAS, pursuant to such declarations, I have issued eighty-seven (87) executive orders to suspend or modify statutes and to take other actions necessary to protect public health and safety and to mitigate the effects of the COVID-19 pandemic (the “COVID-19 Orders”); and

WHEREAS, COVID-19 is a respiratory disease that spreads easily from person to person and may result in serious illness or death; and

WHEREAS, the World Health Organization has declared the COVID-19 outbreak a pandemic; and

WHEREAS, the COVID-19 pandemic remains a grave threat to public health and safety and civil preparedness in the State of Connecticut; and

WHEREAS, public health experts have determined that it is possible to transmit COVID-19 even before a person shows symptoms and through aerosol transmission; and

WHEREAS, to reduce the spread of COVID-19, the United States Centers for Disease Control and Prevention (CDC) and the Connecticut Department of Public Health (DPH) recommend implementation of community mitigation strategies to slow transmission of COVID-19, including limitation on the size of gatherings, maintaining a safe distance from others, and wearing masks or face coverings; and

WHEREAS, COVID-19 has caused unanticipated health effects that are not well understood by the medical community, vaccines and effective treatments for COVID-19 are not widely available, and residents, businesses, and government agencies face new and unanticipated economic, fiscal, and operational challenges as a result of the COVID-19 pandemic; and

WHEREAS, minimizing evictions during the COVID-19 pandemic is critical to controlling and reducing the spread of COVID-19 and preventing a resurgence of the disease by allowing residents to stay home or at their place of residence; and

WHEREAS, in order to keep people safely in their homes and avoid increasing homelessness and the associated risk of COVID-19 transmission, Executive Order Nos. 7X, 7DDD, 7000, 9E and 9H, provided temporary relief from statutory eviction proceedings; and

WHEREAS, continued economic disruption could increase homelessness and the associated risk of COVID-19 transmission unless certain relief measures provided in those orders are continued; and

WHEREAS, the President of the United States has declared that people dislocated from their homes may be unable to shelter in place, may have more difficulty maintaining a routine of social distancing, and will have to find alternative living arrangements that may include a homeless shelter, a crowded family home, or travel to other states, posing multiple challenges that can exacerbate and amplify the spread of COVID-19; and

WHEREAS, for those reasons, as declared in certain executive orders issued by the President of the United States, it is the policy of the United States to minimize, to the greatest extent possible, residential evictions and foreclosures during the ongoing COVID-19 national emergency; and

WHEREAS, the CDC has determined that, in a pandemic, eviction moratoria can be an effective public health measures to prevent the spread of communicable disease because they facilitate self-isolation by people who become ill or who are at risk for severe illness from COVID-19, allow state and local authorities to more easily implement stay-at-home and social distancing directives to mitigate the community spread of COVID-19, and decrease the risk of unsheltered homelessness and the likelihood of individuals moving into congregate settings such as shared housing and homeless shelters; and

WHEREAS, the CDC has also determined that these public health risks may increase as a result of colder weather; and

WHEREAS, pursuant to Section 361 of the Public Health Service Act, the CDC has therefore issued an order, [“Temporary Halt in Residential Evictions to Prevent the Further Spread of](#)

[COVID-19,” 85 FR 55292 \(September 4, 2020\)](#) (“CDC Order”) to limit or reduce such increased health risks; and

WHEREAS, evictions tend to disproportionately affect minorities, particularly African Americans and Latinos, and research suggests that the population of persons who would be evicted and become homeless would include many who are predisposed to developing severe disease from COVID-19;

NOW, THEREFORE, I, NED LAMONT, Governor of the State of Connecticut, by virtue of the authority vested in me by the Constitution and the laws of the State of Connecticut, and pursuant to the public health and civil preparedness emergencies declared on March 10, 2020 and renewed on September 1, 2020 and the new public health and civil preparedness emergencies declared on September 1, 2020, do hereby **ORDER AND DIRECT**:
