HEC Playbook

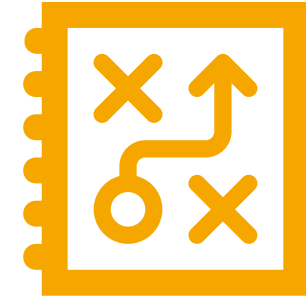

Health Enhancement Community Strategy Playbook

PURPOSE:

- Define specific strategies to support Health Enhancement Communities now and into the future.
- Identify who will do what to pursue these strategies.

Health Enhancement Community Strategy Playbook

What it is	What it is NOT
<ul style="list-style-type: none">• Flexible plan to evaluate and pursue opportunities	<ul style="list-style-type: none">• A strategic plan• A static plan• An Office of Health Strategy “to do” list

Key Health Enhancement Community Threads - Updated

Focus on health equity and communities experiencing greatest inequities

Focus on underlying conditions in communities

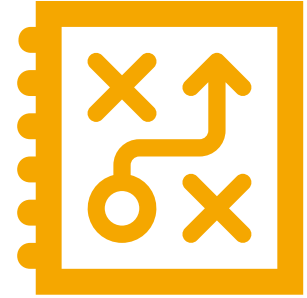

Support and resources* for community resident-led choices, design, change, and power

Current, relevant data and transparency and ownership of data in local communities

Long-term, flexible funding and financing to sustain health equity work

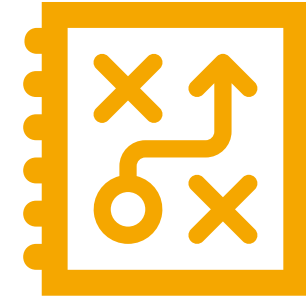

* Including payment to community residents for their expertise and work to create health equity.

Health Enhancement Community Strategy Playbook Focus Areas

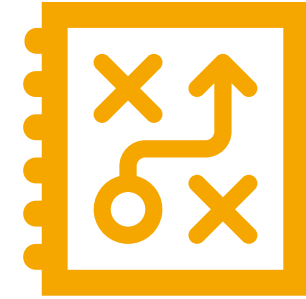

- Secure funding and financing for Health Enhancement Communities
 - Flexible
 - Long-term
 - Support community-driven change

Health Enhancement Community Strategy Playbook Focus Areas

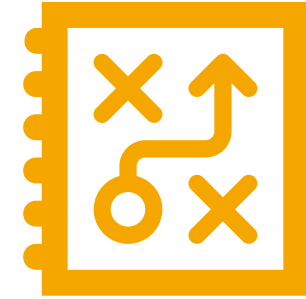

- Enable Health Enhancement Communities and their communities to influence, shape, align with, and/or benefit from other opportunities

Health Enhancement Community Strategy Playbook Focus Areas

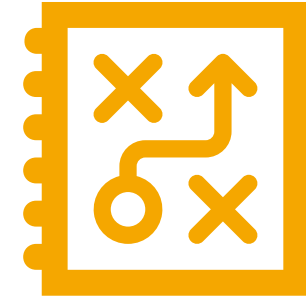

- Enable Health Enhancement Communities to get access to and use timely, relevant, and actionable data

Health Enhancement Community Strategy Playbook Focus Areas

- Support mutual learning and outcomes across Health Enhancement Communities

Health Enhancement Community Strategy Playbook

- Every play will have to be considered against many factors, including:
 - How much communities want it
 - Where there are "open doors"
 - How much of an impact it will have
 - Who is willing and able to do what
 - What available resources there are to pursue it

Health Enhancement Community Strategy Playbook

What plays do you think
should be in the playbook?
