Dear Atty. Hansted,

Responses to your questions are provided below. Please note that the proposed location of the new facility is less than three miles from the existing facility, and no changes are being made to the scope of services offered. Therefore, we fully expect the payer mix to remain the same as current, and that the population served will be from the same areas as currently served.

1. Current location: 263 Farmington Avenue, Dowling South, Farmington, CT 06030
2. Proposed new location: 2 Batterson Park Road, Farmington, CT 06032
3. Current payer mix: 80% insurance, 20% self pay (additional details below)
4. Projected payer mix after move: 80% insurance, 20% self pay (no change)
5. Current population served: All of Connecticut except Fairfield County; Western Rhode Island; Southwestern Massachusetts
6. Proposed population served: All of Connecticut except Fairfield County, Western Rhode Island; Southwestern Massachusetts (no change)

Of the 80% covered by insurance, the insurance breakdown is as follows:

- Blue Cross CT: 40.4%
- Aetna: 14.9%
- ConnectiCare: 14.0%

- CIGNA: 8.9%
- Optum: 8.4%
- United: 6.6%
- Oxford: 1.1%
- All other insurances: 5.7%

I hope this information is helpful but please feel free to reach out to me if you have any other questions or need additional documentation.

Thank you,  
Cara Farrell

RE: Certificate of Need Determination Report Number 14-31921-DTR  
Relocation of Center for Advanced Reproductive Services

Dear Ms. Farrell:

On June 10, 2014, the Office of Health Care Access ("OHCA") received your Certificate of Need ("CON") Determination request on behalf of Center for Advanced Reproductive Services ("Petitioner") with respect to its relocation.

The Petitioner is a Connecticut licensed outpatient surgical center located at 263 Farmington Avenue, Dowling South, Farmington, Connecticut. The building currently occupied by the Petitioner is scheduled for demolition in early 2015. The Petitioner plans to relocate its facility to 2 Batterson Park Road, Farmington, Connecticut, which is less than three (3) miles away from its current location. The Petitioner will continue to serve the same population and payer mix that it currently serves.

Pursuant to Conn. Gen. Stat. § 19a-639c, the Petitioner has satisfactorily demonstrated that the population and payer mix currently served by the Petitioner will not substantially change as a result of the proposed relocation. Therefore, no CON is required.

Sincerely,

Kimberly R. Martone  
Director of Operations
