Re: CON Application for Children's Health Center

Dear Ms. Martone,

Enclosed please find the CON application from Franklin Medical Group, P.C. and StayWell Health Center, Inc. The CON application proposal is to transfer ownership and operation of the Children's Health Center to StayWell Health Center, Inc.

Please confirm that you have received this application. You can reach me by telephone at (203) 709-3312 or by email at Silvia.Hutcheson@gmail.com.

Thank you,

Silvia Hutcheson

Children's Health Center

Certificate of Need Application

Application Checklist

Instructions:

1. Please check each box below, as appropriate; and
2. The completed checklist *must* be submitted as the first page of the CON application.

- Attached is the CON application filing fee in the form of a certified, cashier or business check made out to the "Treasurer State of Connecticut" in the amount of \$500.

For OHCA Use Only:

Docket No.: 14-31914 Check No.: 46853
OHCA Verified by: [Signature] Date: 5/14/14

- Attached is evidence demonstrating that public notice has been published in a suitable newspaper that relates to the location of the proposal, 3 days in a row, at least 20 days prior to the submission of the CON application to OHCA. (OHCA requests that the Applicant fax a courtesy copy to OHCA (860) 418-7053, at the time of the publication)
- Attached is a paginated hard copy of the CON application including a completed affidavit, signed and notarized by the appropriate individuals.
- Attached are completed Financial Attachments I and II.
- Submission includes one (1) original and four (4) hard copies with each set placed in 3-ring binders.

Note: A CON application may be filed with OHCA electronically through email, if the total number of pages submitted is 50 pages or less. In this case, the CON Application must be emailed to the following email addresses:
steven.lazarus@ct.gov and leslie.greer@ct.gov.

Important: For CON applications (less than 50 pages) filed electronically through email, the signed affidavit and the check in the amount of \$500 must be delivered to OHCA in hardcopy.

- The following have been submitted on a CD
1. A scanned copy of each submission in its entirety, including all attachments in Adobe (.pdf) format.
 2. An electronic copy of the documents in MS Word and MS Excel as appropriate.

AFFIDAVIT OF PUBLICATION

STATE OF CONNECTICUT
County of New Haven

Waterbury

March 21 20 14

Public Notice
Saint Mary's Hospital, Inc. (Saint Mary's) is filing an application for a Certificate of Need under section 19a-638 of the Connecticut General Statutes requesting approval to terminate the provision of outpatient pediatric services (the Services) provided at the Children's Health Center at 95 Scovill Street, Waterbury, Connecticut 06706. Saint Mary's proposal will also include plans for the continued provision of the Services and operation of the Children's Health Center by StayWell Health Care, Inc. (StayWell). Saint Mary's and StayWell are working closely together to ensure a smooth transition so all Services and hours of operation will remain the same. Saint Mary's total capital expenditure for this project is \$100,000.

State of Connecticut Office of Health Care Access Certificate of Need Application

Instructions: Please complete all sections of the Certificate of Need (“CON”) application. If any section or question is not relevant to your project, a response of “Not Applicable” may be deemed an acceptable answer. If there is more than one applicant, identify the name and all contact information for each applicant. OHCA will assign a Docket Number to the CON application once the application is received by OHCA.

Estimated Total Capital Expenditure:	\$100,000	\$0

1. Project Description: Service Termination

- a. Provide a narrative detailing the proposal.

Response:

Franklin Medical Group, P.C. (FMG), is a captive professional corporation associated with Saint Mary's Hospital, Inc. (Saint Mary's). FMG provides services to Saint Mary's and its patients. FMG currently owns and operates the Children's Health Center. The Children's Health Center provides pediatric outpatient services (the Services) to children who are uninsured, underinsured or on Medicaid. The Children's Health Center primarily serves children who live in the City of Waterbury.

FMG proposes to transition the ownership and operation of the Children's Health Center to StayWell Health Care, Inc. (StayWell). StayWell is the largest Federally Qualified Health Center (FQHC) in Waterbury and has six primary care delivery sites.

FMG and StayWell have been working closely together for several months to ensure that all Services and hours of operation remain the same during and after the transition. The Services will continue to be provided at the existing Children's Health Center location at 95 Scovill Street (Third Floor) in Waterbury. StayWell will also hire the majority of staff members who are currently employed through FMG's Children's Health Center.

To effectuate the proposal, Franklin and StayWell have signed a Letter of Intent. Please see **Attachment One**.

- b. For each of the Applicant's programs, identify the location, population served, hours of operation, and whether the program is proposed for termination.

Program	Location	Population	Hours of Operation	Is this program proposed for termination?
Children's Health Center	95 Scovill Street, Waterbury, CT	Birth to Age 17	Monday – Thursday: 8:30 am – 7:00 pm; Friday: 8:30 am – 5:30 pm	Yes
Family Health Center	95 Scovill Street, Waterbury, CT	Ages 18 and Over	Monday – Friday: 8:00 am – 4:30 pm	No
Dental Health Center	133 Scovill Street, Waterbury, CT	All Ages	Monday – Friday: 8:30 am – 4:00 pm	No

Medicine/ Pediatrics Clinics	95 Scovill Street, Waterbury, CT	Birth to Age 17	Monday – Friday: 8:00 am – 5:30 pm	No
------------------------------------	-------------------------------------	--------------------	--	----

- c. Describe the history of the services proposed for termination, including when they were begun and whether CON authorization was received.

Response:

The Children’s Health Center began providing Services in 1972. The primary service area for the Children’s Health Center is Waterbury, and the secondary service area is Naugatuck. Services include yearly checkups for children; sick visits for infants and young children; well-baby visits; immunizations; physicals and WIC eligibility; health education for teenagers; lead, vision and hearing tests; school, camp, and sports physicals; asthma education program; and medical home services for youth with special needs.

The most recent Certificate of Need associated with the Children’s Health Center is **Docket Number 05-30474-CON**. On May 23, 2006, Saint Mary’s and FMG received approval from OHCA to transfer control of three health centers, which included the Children’s Health Center. Since 2006, the Children’s Health Center has been a department within FMG.

- d. Explain in detail the Applicant’s rationale for this termination of services, and the process undertaken by the Applicant in making the decision to terminate.

Response:

As part of its strategic planning process, FMG evaluated all service lines. Due to State budget cuts and Federal sequestration, FMG administrators reviewed opportunities to increase revenue and reduce expenses. One outcome of the strategic planning process was to begin discussions with FQHC’s. FQHC’s receive cost-based reimbursement to provide the same services that are provided through a practice such as FMG.

FMG solicited proposals from area FQHC’s during the summer of 2013. Two proposals were received. FMG selected StayWell’s proposal. StayWell is the largest FQHC in Waterbury and currently operates six primary care delivery sites. StayWell is well-positioned for continued growth in primary and pediatric care. In 2000, StayWell provided 14,856 health care visits and by 2012 StayWell grew to provide 86,929 visits.

StayWell proposes to make the Children’s Health Center its seventh site. StayWell has agreed to remain in the same location with the existing hours of operation and provide the same Services. StayWell has also agreed to hire the majority of staff members.

- e. Did the proposed termination require the vote of the Board of Directors of the Applicant? If so, provide copy of the minutes (excerpted for other unrelated material) for the meeting(s) the proposed termination was discussed and voted.

Response:

Yes. Please see **Attachment Two** for FMG’s relevant Board of Director meeting minutes.

Please see **Attachment Three** for StayWell’s relevant Board of Director meeting minutes.

- f. Explain why there is a clear public need for the proposal. Provide evidence that demonstrates this need.

Response:

There is a clear public need for this proposal for two reasons.

First, the FQHC model is more sustainable in the long-term than the private practice model. FQHC’s are better able to meet the needs of low income and uninsured patients served by the Children’s Health Center. In addition to primary care, StayWell provides dental care, behavioral health and social services targeted for these vulnerable populations. Patients will have increased access to more services by being part of the StayWell network.

Second, this proposal makes efficient use of limited public health resources. StayWell can operate the Children’s Health Center more efficiently than FMG. For example, in 2016, StayWell’s projected operating expenses for the Children’s Health Center is \$ 1,794,606. On the other hand, FMG’s projected operating expenses are \$2,310,712. Please see Financial Attachment 1.

2. Termination’s Impact on Patients and Provider Community

- a. List all existing providers (name, address, services provided, hours and days of operation, and current utilization) of the services proposed for termination in the towns served by the Applicant, and in nearby towns.

Response:

Provider	Address	Services	Hours and Days of Operation	Utilization
Children’s Health Center /Franklin Medical Group	95 Scovill Street Pavilion B, 3 rd Floor	Pediatric Primary Care	Monday – Thursday: 8:30 am -7:00 pm; Friday: 8:30 am-	14,651

	Waterbury, CT 06706		5:00 pm	
StayWell Health Center	80 Phoenix Avenue Ste. 301 Waterbury, CT 06702	Pediatric Primary Care/ Family Medicine	Monday – Friday: 8:00 am -4:00 pm	12,703
StayWell Health Center	1302 South Main Street Waterbury, CT 06706	Pediatric Primary Care/ Family Medicine	Monday – Friday: 8:00 am -5:00 pm; Some Saturdays	1,180
StayWell Health Center	Driggs School- Based Health Center 77 Woodlawn Terrace Waterbury, CT	Pediatric Primary Care	Monday – Friday: 8:00 am – 3:00 pm	950
Pediatric Associates of Connecticut	106 Robbins Street Waterbury, CT 06708	Pediatric Primary Care	Monday, Tuesday, Friday: 7:00 am - 5:30 pm; Wednesday, Thursday: 8:45 am - 5:30 pm; Saturday: 8:45 am-1:00 pm; Sunday: open for emergencies only	Unknown
Reliable Pediatrics, LLC	140 Grandview Avenue Ste. 206 Waterbury, CT 06708	Pediatric Primary Care	Monday – Friday: 9:00 a.m.-5:00 p.m. Sat. 9:00 am – 1:00 pm	Unknown
Naugatuck Pediatrics	577 N. Church Street Naugatuck, CT 06770	Pediatric Primary Care	Monday – Friday: 10:00 am-4:30 pm	Unknown

- b. Discuss what steps the Applicant has undertaken to ensure continued access to the services proposed for termination for the Applicant's patients.

Response:

FMG administrators have convened a Transition Team to ensure continued access to all Services at the Children's Health Center. The Transition Team, which meets regularly,

includes representatives from Administration, Operations, Information Technology, Clinical Services, Finance and Human Resources for both organizations.

FMG will continue to operate the Children's Health Center until the planned transition to StayWell. The transition date is based on StayWell receiving approval from the U.S. Department of Health and Human Services to add another primary care delivery site.

- c. For each provider to whom the Applicant proposes to transfer or refer clients, provide the current available capacity, as well as the total capacity and actual utilization for the current year and last completed year.

Response:

All patients will be transferred to StayWell. StayWell administrators are staffing the Children's Health Center for an estimated 12,940 visits in its first year. The Children's Health Center's annualized patient visit volume during Fiscal Year 2014 is 12,534. StayWell is expecting to run the Center at 97% capacity (12,534 visits expected / 12,940 visit capacity).

- d. Identify any special populations that utilize the services and explain how these clients will continue to access this service after the service location closes.

Response:

The Children's Health Center receives grant funding from the Connecticut Department of Public Health for Children and Youth with Special Health Care Needs. This program provides additional staffing and assistance to children with physical and developmental needs. This program will be transitioned to FMG's Family Health Center for continued access by this population.

In addition, the Children's Health Center is a subcontractor for Connecticut Children's Medical Center's Easy Breathing program. This program provides asthma education to area pediatricians. The Easy Breathing program will also be transitioned to FMG's Family Health Center for continued services.

- e. Provide evidence (e.g. written agreements or memorandum of understanding) that other providers in the area are willing and able to absorb the displaced patients.

Response:

Not applicable. Patients are not being displaced. All patients will be transferred to StayWell and offered continued services at the same location.

- f. Describe how clients will be notified about the termination and transferred to other providers.

Response:

All Children’s Health Center patients will be notified by written correspondence of the transfer to StayWell. Please see **Attachment Four** for a copy of this draft notice.

3. Actual and Projected Volume

a. Provide volumes for the most recently completed FY by town.

Response:

Please see **Attachment Five** for a volume breakdown of visits by town.

b. Complete the following table for the past three fiscal years (“FY”) and current fiscal year (“CFY”), for both number of visits and number of admissions, by service.

Response:

Please note the time period for Table 1 below:

- FY 2011: 10/1/2010 – 9/30/2011
- FY 2012: 10/1/2011 – 9/30/2012
- FY 2013: 10/1/2012 – 9/30/2013
- FY 2014 YTD: 10/1/2013 – 3/31/2014 (Annualized)

Table 1: Children’s Health Center: Historical and Current Visits

Service**	Actual Volume (Last 3 Completed FYs)			CFY Volume*
	FY 2011	FY 2012	FY 2013	FY2014 - Year to Date - Annualized
Visits	17,088	18,879	14,651	12,534
Total	17,088	18,879	14,651	12,534

* For periods greater than 6 months, report annualized volume, identifying the number of actual months covered and the method of annualizing. For periods less than six months, report actual volume and identify the period covered.

** Identify each service type and add lines as necessary. Provide both number of visits and number of admissions for each service listed.

*** Fill in years. In a footnote, identify the period covered by the Applicant’s FY (e.g. July 1-June 30, calendar year, etc.).

c. Explain any increases and/or decreases in volume seen in the tables above.

Response:

The number of visits has decreased between FY 2012 and FY 2014 year to date. Two health care providers left the Children's Health Center in October 2012. A third health care provider left in August 2013. Due to the planned transition, FMG has not recruited replacements for the three providers. FMG is using Physician Assistants on a per diem basis to continue to provide services that were provided by the health care providers who left the Children's Health Center.

- d. For DMHAS-funded programs only, provide a report that provides the following information for the last three full FYs and the current FY to-date:
 - i. Average daily census;
 - ii. Number of clients on the last day of the month;
 - iii. Number of clients admitted during the month; and
 - iv. Number of clients discharged during the month.

Not applicable.

4. Quality Measures

- a. Submit a list of all key professional, administrative, clinical, and direct service personnel related to the proposal. Attach a copy of their Curriculum Vitae.

Response:

The key personnel related to the proposal include:

Franklin Medical Group

Robert Dickman, Executive Director
Matthew Krenicky, Manager, Medical Informatics
Steven Schneider, MD, President
Kathy Volz, RN, Clinical Manager

Please see **Attachment Six** for the Curriculum Vitae for each individual listed for FMG.

StayWell Health Center

Christine Shea Bianchi, Chief Development Officer
Sunil D'Cunha, MD, Chief Medical Officer
Kenneth Korsu, Director of Human Resources
Beverly A. Lyons, Director of Behavioral Health
Amit Patel, DDS, Dental Director
Donald Thompson, President and CEO
Lule G. Tracey, Chief Financial Officer

Please see **Attachment Seven** for the Curriculum Vitae for each individual listed for StayWell.

- b. Explain how the proposal contributes to the quality of health care delivery in the region.

Response:

This proposal contributes to the quality of health care for three reasons.

First, patients will become part of a medical home program that enhances continuity of care. StayWell recently received a Level 3 Patient Centered Medical Home Certification from the National Center for Quality Assurance. StayWell is the first community health center in Connecticut to achieve this certification. StayWell also has a state of the art scheduling and referral tracking system, which received positive feedback from a Health Resources and Services Administration review team. Dr. Sunil D’Cunha, StayWell’s Chief Medical Officer, presented information on this tracking system at the National Association of Community Health Centers annual conference.

Second, StayWell engages healthcare providers and patients through technology. StayWell was an early adopter of an electronic health record system and attested to Meaningful Use in February 2012. StayWell launched a patient portal in August 2012 to enhance communication between patients and providers.

Third, StayWell can bring more resources to these patients than FMG. The US Health and Human Service Department provides special grant opportunities for FQHC’s. Given that the Children’s Health Center is in a Medically Underserved Area, StayWell will have funding opportunities that are not available to private practices such as FMG. Quality of health care will increase as StayWell is better positioned to grow and enhance services for these patients.

- c. Identify when the Applicants’ funding and/or licensing agencies (e.g. DPH, DMHAS) were notified of the proposed termination, and when the Applicants’ licenses will be returned.

Response:

The Children’s Health Center is operated under the professional licenses of FMG health care providers. Upon approval from OHCA, DPH will be notified of FMG’s transition of Services to StayWell.

StayWell will also notify DPH in writing once approval from the U.S. Department of Health and Human Services is received.

5. Organizational and Financial Information

- a. Identify the Applicant’s ownership type(s) (e.g. Corporation, PC, LLC, etc.).

Response:

FMG is a Connecticut captive professional corporation and a provider within the Saint Mary's network.

StayWell is a Connecticut nonstock corporation.

- b. Does the Applicant have non-profit status?
 Yes (Provide documentation) No

Response:

StayWell is a tax-exempt non-profit. Please see **Attachment Eight**.

Franklin is for-profit.

- c. Financial Statements
- i. If the Applicant is a Connecticut hospital: Pursuant to Section 19a-644, C.G.S., each hospital licensed by the Department of Public Health is required to file with OHCA copies of the hospital's audited financial statements. If the hospital has filed its most recently completed fiscal year audited financial statements, the hospital may reference that filing for this proposal.

Response:

Please see Saint Mary's most recently completed fiscal year 2013 audited financial statements, which have been filed with OHCA. FMG financials are consolidated within the Saint Mary's audited financials. Please see the supplemental schedules in Saint Mary's audited financials for FMG details.

- ii. If the Applicant is not a Connecticut hospital (other health care facilities): Audited financial statements for the most recently completed fiscal year. If audited financial statements do not exist, in lieu of audited financial statements, provide other financial documentation (e.g. unaudited balance sheet, statement of operations, tax return, or other set of books.)

Response:

Please see **Attachment Nine** for StayWell's Audited Financial Statements for FY 2013.

- d. Submit a final version of all capital expenditures/costs.

The capital expenditures for the project are \$100,000. The capital expenditures cover renovation costs to prepare the space for two occupants (FMG and StayWell) on the third floor at 95 Scovill Street. The proposed renovations create a fire-rated means of egress

between the two stairwells. Please see **Attachment Ten** for the space renovation architectural drawings and budget breakdown.

- e. List all funding or financing sources for the proposal and the dollar amount of each. Provide applicable details such as interest rate; term; monthly payment; pledges and funds received to date; letter of interest or approval from a lending institution.

Response:

The funding for this proposal will come from Saint Mary's own cash reserves. There will be no financing.

- f. Demonstrate how this proposal will affect the financial strength of the state's health care system.

Response:

This proposal expands the services provided by an FQHC. FQHC's receive higher reimbursement for services. In addition, FQHC's are eligible for grants that are unavailable to physician practices and hospitals. This proposal will bring additional revenue to a community that has received reduced reimbursement from the State.

6. Financial Attachments I & II

- a. Provide a summary of revenue, expense, and volume statistics, without the CON project, incremental to the CON project, and with the CON project. **Complete Financial Attachment I.** (Note that the actual results for the fiscal year reported in the first column must agree with the Applicant's audited financial statements.) The projections must include the first three full fiscal years of the project.

Response:

Please see **Attachment Eleven** for FMG's Financial Attachment I.

Please see **Attachment Twelve** for StayWell's Financial Attachment I.

- b. Provide a three year projection of incremental revenue, expense, and volume statistics attributable to the proposal by payer. **Complete Financial Attachment II.** The projections must include the first three full fiscal years of the project.

Response:

Please see **Attachment Thirteen** for FMG's Attachment II.

Please see **Attachment Fourteen** for StayWell's Financial Attachment II.

- c. Provide the assumptions utilized in developing **both Financial Attachments I and II** (e.g., full-time equivalents, volume statistics, other expenses, revenue and expense % increases, project commencement of operation date, etc.).

Response:

Please see **Attachment Fifteen** for Franklin's assumptions for Financial Attachments I and II.

Please see **Attachment Sixteen** for StayWell's assumptions for Financial Attachments I and II.

- d. Provide documentation or the basis to support the proposed rates for each of the FYs as reported in Financial Attachment II. Provide a copy of the rate schedule for the proposed service(s).

Please see **Attachment Seventeen** for a listing of Medicaid reimbursement by procedure code to private practices such as FMG.

Please see **Attachment Eighteen** for StayWell's rate schedule from the State of Connecticut Department of Social Services.

- e. Was the Applicant being reimbursed by payers for these services? Did reimbursement levels enter into the determination to terminate?

Response:

Yes. Reimbursement levels did enter into the decision to terminate. Ninety percent of patient visits are insured through Medicaid. StayWell receives a higher level of reimbursement as an FQHC.

- f. Provide the minimum number of units required to show an incremental gain from operations for each fiscal year.

Response:

This question is not applicable for Franklin.

StayWell will need to provide 12,940 visits in order to show a \$910 incremental gain from operations in year one. Please see **Attachment Twelve**.

- g. Explain any projected incremental losses from operations contained in the financial projections that result from the implementation and operation of the CON proposal.

Response:

Not applicable. Implementing the CON proposal will not result in losses from operation.

- h. Describe how this proposal is cost effective.

Response:

The proposal ensures that children will continue to have access to pediatric care in Waterbury. Pediatric care will be provided by an FQHC that is a recognized patient-centered medical home program focused on primary and preventive care. Patients will have access to seven primary care delivery sites, including a school-based health center in Waterbury. Increased access to primary and preventive care reduces unnecessary Emergency Department visits, which are costly. FQHC's are a cost effective way to provide primary care for children in Medically Underserved Areas such as Waterbury.

4883414 November 7, 2013 – changes by Staywell

November 7, 2013

Donald J. Thompson, JR., M.P.S.

President and Chief Executive Officer

Staywell Health Center

This non-binding Letter of Intent is to confirm our mutual intent for Franklin Medical Group, P.C. ("Group"), an affiliate of Saint Mary's Hospital, Inc., to transfer its wholly-owned Children's Health Center ("Clinic"), to Staywell Health Center, Inc. ("Staywell Health"), a federally qualified health center. Our mutual understanding is as follows:

1. Staywell Health will assume one-hundred percent (100%) ownership of the assets Clinic at the Closing (as defined below). Group will retain at Closing cash and cash equivalents necessary to satisfy certain mutually agreed upon accrued liabilities, vendor payments and outstanding checks. The Group will retain all remaining cash and cash equivalents including Accounts Receivable at Closing. Staywell Health will not assume any liability for any debts or other liabilities of the Clinic, with the exception of the lease. Without limiting any other obligations the Group may have under the Definitive Agreement, the Group shall provide, for a period of two years, free parking for the Clinic's patients and discounted parking for the Clinic staff. Parking for

1 | Children's Health Center Letter of Intent

56 Franklin Street – Waterbury, CT 06706

4883414.2

Clinic staff shall not exceed [either (i) XX% of the normal parking fee or (ii) \$XX, to be specified in the Definitive Agreement.] The space to be leased is approximately 5,000 square feet and Group shall use its best efforts to arrange the transaction so that Clinic will rent the space directly from the landlord.

2. The Definitive Agreement (as defined below) for the transaction contemplated by this Letter of Intent will be executed on or before January 1, 2014, or such other date as the parties mutually agree. The final closing of the transactions contemplated by Definitive Agreement (the "Closing") will be subject to and occur as soon as possible after the parties receive all applicable regulatory approvals, including a Certificate of Need ("CON") approving Groups' transfer of the Clinic to Staywell Health. The Definitive Agreement will provide that either party shall have the right to terminate the Definitive Agreement and the transactions contemplated thereby in the event the transactions contemplated by the Definitive Agreement are not consummated by July 1, 2014.

3. The parties will enter into a mutually acceptable definitive agreement ("Definitive Agreement") that is consistent with the terms of this Letter of Intent, and includes such representations, warranties, covenants and conditions as are typical for a transaction of this nature. Staywell Health will begin conducting due diligence immediately after execution of this Letter of Intent, and such due diligence shall be completed within sixty (60) days thereafter, before execution of the Definitive Agreement. Accordingly,

2 | Children's Health Center Letter of Intent

56 Franklin Street – Waterbury, CT 06706

4883414.2

satisfactory due diligence results will not be a condition to Closing the Definitive Agreement.

4. Staywell Health agrees to render services to patients of the Clinic in a competent, professional and ethical manner, in accordance with prevailing standards of medical practice, and in compliance with all applicable statutes, regulations, rules, orders and directives of any and all applicable governmental and regulatory bodies having competent jurisdiction. Staywell Health shall also operate the Clinic and provide services to Clinic patients in accordance with the *Ethical and Religious Directives for Catholic Healthcare Services* as promulgated or amended from time to time by the National Conference of Catholic Bishops.

5. At Closing, the Group agrees to reimburse Staywell Health a mutually agreed upon amount for Electronic Medical Record conversion costs at the Clinic not to exceed one-hundred thousand dollars (\$100,000). The conversion process includes but is not limited to scanning and indexing of approximately five-thousand two-hundred (5,200) patient records, interfaces costs, software costs and additional hardware costs. Staywell Health agrees that all existing computer hardware and associated software is the property of the Group and will remain property of the Group after transfer of ownership.

6. Prior to Closing, the Group agrees to fund renovation of the Clinic to the extent that it becomes separated from the adjacent Family Health Center and Med/Peds Clinic

3 | Children's Health Center Letter of Intent

56 Franklin Street – Waterbury, CT 06706

4883414.2

owned and operated by the Group. Renovation costs shall not exceed one hundred thousand dollars (\$100,000). Renovation of the facility will include construction of dividing walls between the adjacent practices and installation of a security system.

7. At Closing, the Group agrees to compensate Staywell Health fifty-thousand dollars (\$50,000) as a start-up subsidy outlined in the original proposal provided by Staywell Health.

8. Each party shall be responsible for its own expenses incurred in connection with the proposed transaction.

9. Staywell Health agrees to hire current staff whenever possible. Following the Closing, staff will receive compensation and seniority commensurate with their compensation and seniority prior to the Closing.

10. The Closing of the transactions contemplated by this Letter of Intent is contingent on (i) the parties' receiving all applicable regulatory approvals, including a CON approving the Group's transfer of the Clinic to Staywell Health and the Group's termination of Clinic services and (ii) approval by the governing boards of Saint Mary's Health System, Inc., Saint Mary's Hospital, Inc., the Group and Staywell Health.

11. The Closing of the transactions contemplated by this Letter of Intent is contingent on Staywell Health receiving a Federal Change of Scope approval.

4 | Children's Health Center Letter of Intent

56 Franklin Street – Waterbury, CT 06706

4883414.2

12. The parties shall maintain this Letter of Intent in confidence and shall not disclose it or its contents to any third party, except for the respective attorneys, representatives, officers, boards and employees on a need to know basis. No party shall make any public announcement or release to the press concerning this Letter of Intent without the prior written consent of the other party. In addition, except as and to the extent required by applicable law, regulation or legal process, neither Party, nor any affiliate, parent or related entity of Staywell Health, nor any of their respective directors, officers, members, employees, accountants, and other agents and representatives (collectively, "Representatives") shall disclose or use and Confidential Information (as defined herein) with respect to the other party furnished, or to be furnished, by such other party to such receiving part or its Representatives in connection herewith at any time or in any manner, other than in connection with the evaluation of the transactions proposed by this Letter of Intent. For purposes of this Section, "Confidential Information" mean all oral, written or electronic information of or relating to either party, relating to the proposed transactions, including but not limited to proprietary information, intellectual property, and financial information of a party; provided, however, that Confidential Information does not include information which (i) is generally available to and known by the public other than as a result of disclosure by the receiving party or its Representatives; (ii) is independently obtained by a party or its Representatives without violating their obligations under this Letter of Intent; (iii) is available to a party or its Representatives from a source that is not prohibited from disclosing the information by a legal, contractual proceedings. Each party shall, at the request of the other party, either

promptly (a) deliver to the other party, or (b) destroy, all Confidential Information of the other party in its possession upon termination of this Letter of Intent.

13. The parties agree and acknowledge that, except as provided herein below, this Letter of Intent is non-binding, and does not obligate any party to proceed with, or otherwise complete the Definitive Agreement or any other transaction. With the exception of the provisions set forth herein in Sections 12-13, which the parties agree to create legal and binding obligations, this Letter of Intent does not, and is not intended to create, any legal obligation or enforceable right in any party. The parties further expressly acknowledge that, prior to the execution of this Letter of Intent; there have not been any binding commitments, agreements or understandings between them with respect to any future relationship of any kind. Moreover, if the parties proceed to enter into a Definitive Agreement, then all of the agreements, representations, warranties, indemnities, covenants and conditions with respect thereto shall be only as set forth in the Definitive Agreement.

14. This Letter of Intent shall be governed by the substantive laws of the State of Connecticut without regard to the principles of conflicts of laws thereof. The parties consent to the jurisdiction of the courts of Connecticut in connection with any action or proceeding arising out of this Letter of Intent. The parties waive any objection they may have to the laying of venue in the state or federal courts located in Connecticut, of any action or proceeding arising out of this Letter of Intent. No party shall be liable to

4883414.2

another party for any consequential, indirect, incidental, special, exemplary or punitive damages arising out of or related to this Letter of Intent.

15. This Letter of Intent constitutes the entire understanding and agreement between the parties and their affiliates with respect to its subject matter and supersedes all prior or contemporaneous agreements, representations, warranties and understandings of the parties, whether oral or written. Parol evidence and extrinsic evidence shall be inadmissible to show agreement by and between the parties to any term or condition contrary or in addition to the terms and conditions contained in this Letter of Intent.

16. No party may transfer or assign all or any of its rights, obligations or benefits hereunder in whole or in part to any third party, without the prior written consent of the other parties. This Letter of Intent may be amended only by written agreement, signed by a duly authorized officer of each party. This Letter of Intent may be executed in counterparts (and the same may be delivered by means of facsimile or .pdf file), each of which shall be deemed original and to constitute one and the same instrument.

Franklin Medical Group Board Minutes:
February 14, 2014**

**Board Conference Call
Minutes of February 14, 2014**

Present: Laura Brenes-Dorso, MD; Garrett Casey; Philip Corvo, MD; Chris Miller; Michael Novak; Jason Ouellette, MD; Alexander Palesty, MD; John Testa, MD; James Uberti, MD; Chad Wable

Excused: Robert Roscoe; Steven Schneider, MD

Guests: Robert Dickman

This call is a follow-up to the January 24, 2014 Board meeting regarding the Children's Health Center/Staywell Transition project. There being a quorum, Mr. Casey called the meeting to order at 12:02 p.m.

Mr. Dickman highlighted points in the PowerPoint presentation previously provided to the Board for review (copy included with the records of these minutes). The rationale for the change is a matter of sustainability to make sure these services continue to be provided in the community. CHC loses an average of \$1.2-1.5 million per year; however, Staywell receives more than twice the reimbursement for the same services due to federal reimbursements. CHC cannot become a FQHC because they are affiliated with a Catholic hospital and must follow the ERDs.

RFPs were sent; Norwalk chose not to respond, and the Community Health Center, Inc. submitted a more expensive proposal and it was doubtful they would adhere to the ERDs. Staywell was chosen as a partner because the transition will be the least expensive and they submitted the best proposal. Additionally, Staywell will adhere to ERDs, keep the same services and hours, take on 16-1/2 FTEs, keep employees benefits, seniority and salary, and take over the Croft building lease.

Regarding our costs, we will fund the EHR migration (working on integration) to a maximum cost of \$100,000, fund and implement the geographic separation of CHC from FHC (facilities is looking at putting a wall up to separate the two businesses) to a maximum cost of \$100,000, fund transition costs up to \$50,000, and fund severances of approximately \$50,000 encompassing six employees.

A question and answer period followed. The question of Staywell's financial viability came up and Mr. Miller responded that no specific financial information is available, but they have been a viable entity in the community for quite some time.

A motion was made, seconded and carried to approve the termination of services at the Children's Health Center and the transfer of the Center's ownership and operation to Staywell Health Center, a federally qualified health center, subject to all state and federal regulatory approvals.

There being no further business, the call ended at 12:28 p.m.

Respectfully submitted,

Janet Kusy
Recorder

StayWell Health Center Board Minutes:
January 13, 2014**

Attachment XX: StayWell Health Center Board Minutes (Excerpt)

**StayWell Health Care, Inc.
Board Meeting Minutes
January 13, 2014
80 Phoenix Avenue, Suite 205**

Present: Donald Thompson, Lule Tracey, Mark Briggs, Sandee Sorel-Leduc, Carolyn Highsmith, Angie Medina, Dolly Rosario, Walter Machnicz, Thomas Johnson, Judy Acosta

Excused: Lule Tracey, Angie Medina, Arlene Arias, Christopher King

The Board Meeting was called to order by Mark Briggs, Board Chair at 5:34 PM.

- St. Mary's - Franklin Medical Group
 - Meeting held last Friday between St. Mary's Hospital and StayWell.
 - St. Mary's Hospital has a Certificate of Need process that is required with the State which is as lengthy as StayWell's Federal process.
 - Due diligence regarding productivity and personnel continues.
 - **A motion was made by Dolly Rosario to approve StayWell Health Care, Inc. taking over St. Mary's Hospital Children's Health Clinic as presented. Sandee Sorel-Leduc seconded the motion. All were in agreement. No additional discussion was held.**

**Attachment Four:
Letter Notifying Patients of Transfer**

Date)

To All Our Patients:

We are writing to inform you of an upcoming change at Franklin Medical Group's Children's Health Center (CHC). As of (_____), Franklin Medical Group is transferring the ownership and operational responsibility for the CHC to StayWell Health Care, Inc. (StayWell).

Please be assured that very little will change from your perspective other than the fact that StayWell will be your official provider of record. Any future statements you may receive will come from StayWell instead of Franklin Medical Group. StayWell will continue to provide you with the same services, in the same location at 95 Scovill Street, Waterbury, CT 06706, and with mostly the same medical providers and staff. The transfer does not affect any of your upcoming appointments. New appointments can be made by calling StayWell at (203)_____.

As part of this transfer, Franklin Medical Group will be transferring your medical records to StayWell at absolutely no cost to you. If you have any questions or would like your medical records sent to another provider, please contact (_____) by (_____) at which time we will provide you with the names of alternate providers for pediatric services.

Franklin Medical Group and StayWell are excited about this opportunity. We are looking forward to continuing to serve your health care needs.

Sincerely,

(Signature)

(Franklin Medical Group Administrator)

(Signature)

(StayWell Administrator)

Steven Schneider, MD, President

Objectives:

- To lead a healthcare organization
- To continue my own professional growth and development

Profile:

I am an experienced senior hospital executive with a proven record in direct operations management, physician leadership, manager care contracting, marketing, and management of quality and patient safety initiatives. I believe my enthusiastic and collaborative style, combined with my experience; make me well prepared to lead an organization looking for positive change and growth.

Professional Experience:

Saint Mary's Hospital – Waterbury, Connecticut **2011 – Present**
Chief Medical Officer Saint Mary's Hospital
President of Franklin Medical Group

Waterbury Hospital – Waterbury, Connecticut **1989 – 2011**
Waterbury Hospital Description:

- 15,000 admissions, 10,000 surgical procedures 56,000 ED visits per year
- Not for profit, community hospital
- Residencies in Internal Medicine (Yale Affiliated) and General Surgery (Yale and UCONN Affiliated)
- Level 2 Trauma Center

Direct Reports at Waterbury Hospital:

- Chairs of All Medical and Surgical Departments
- Director of Emergency Department Nursing
- Director of Case Management
- Chief Quality and Safety Officer
- Director of Marketing and Community Relations
- President of Alliance Medical Group
(Hospital owned multispecialty physician group)
- Chief Medical Officer of Alliance Medical Group
- Director of Managed Care Contracting (from 1995-2000)

Accomplishments:

Vice President for Medical Affairs/Chief Medical Officer **1994 - Present**

- Chair, Board of Directors, Heart Center of Greater Waterbury:
 - Led, along with many others, the creation and approval of the first new Open Heart Surgery and Angioplasty program approved in Connecticut in nearly 20 years;

- First program approved as a joint program between 2 competing hospitals
 - As Chair, successfully worked with members of the 2 hospital consortium through a very challenging Certificate of Need process
- Leadership of hospital marketing, advertising, and community relations departments:
 - Created very successful campaign marketing Orthopedic services with more than half of joint replacements coming from areas beyond our primary and secondary service areas
 - Developed, in conjunction with a partnering hospital, a huge and successful multimedia, community grass roots, and political strategy and campaign to win approval for a joint open heart and angioplasty program
- Created one of the first Hospitalist programs in Connecticut:
 - 10 years in operation; grown from 5 to 15 physicians
 - Covers more than half of all inpatients
 - Superior ALOS and quality parameters compared with private service
 - and teaching service patients
- Built and led hospital – owned physician group:
 - Grown over 15 years from a 4 physician primary care group to a Multispecialty group of more than 50 physicians and surgeons
 - Annual revenues of >\$15 million; cost per physician lower than the 25th percentile MGMA benchmark
- Started Waterbury Hospital's case management program:
 - Greater than 10 year track record of shortened lengths of stay
 - Greatly improved clinical documentation accuracy with revenue improvements of greater than \$1 million per year
- Oversaw managed care contracting on behalf of Waterbury Hospital and the 300 plus physicians in a PHO
- Led complete turnaround of Physician and Nursing Leadership and all Physician staff of the Waterbury Hospital Emergency Department:
 - Changed from no EM Board Certified physician to All EM Board Certified
 - ED volume grew from 40,000 visits to over 56,000 visits per year
 - ED now has a positive contribution margin of \$5-\$10 million annually

Chairman Department of Psychiatry**1989-1994**

- Full operational and budget responsibility for all aspects of a very large program with greater than 50,000 outpatient visits and 1000 inpatient admissions per year
- Redesigned department from one large service to sub-specialty service lines leading to significant improvements in service quality and in payor mix
- Implemented aggressive utilization management and clinical pathways leading to the publication of an article in a peer reviewed journal featuring our specialty ultra-short length of stay inpatient unit

Allegheny General Hospital – Pittsburgh, Pennsylvania 1985-1989**Acting Medical Director, Allegheny Neuropsychiatric Institute 1988-1989**

- Assumed leadership of Allegheny Neuropsychiatric Institute (ANI), a freestanding subsidiary of Allegheny General Hospital at the request of AGH CEO after unexpected departure of both AGH's Department Chair/Founder of ANI and the Medical Director of ANI just after the facility opened.
 - Brought stable leadership to a very chaotic situation
 - Provided credible clinical programming to external referring hospitals
 - Recruited excellent clinical staff in a challenging environment

Chief, Inpatient Psychiatry Allegheny General Hospital/Medical College of Pennsylvania 1985-1988

- Facilitated growth of Inpatient Service from 16-28 beds
- Led change in treatment approaches toward more practical and modern neuropsychiatric and biologic treatment protocols

United States Army Medical Officer 1977-1982

- Attained rank of Major, U.S. Army Medical Corps

Martin Army Hospital – Ft. Benning, Georgia 1980-1982**Chief, Emergency Medicine Service**

- Totally restructured E.R. service organization resulting in dramatic improvement in quality and efficiency of services
- Awarded Army Commendation Medal for the above
- Introduced Advanced Trauma Life Support Courses and Certification to the hospital
- Established respected Family Practice resident rotation in Emergency Medicine

Ft. Lewis/Madigan Army Medical Center – Ft. Lewis, Washington 1978-1979**Brigade Surgeon, 9th Infantry Division, 3rd Brigade****Education:**

- 1994-1995 University of New Haven, MBA
- 1982-1985 Yale University School of Medicine, Residency in Psychiatry
- 1979-1980 Madigan Army Medical Center, Residency in Emergency Medicine
- 1977-1978 Madigan Army Medical Center, Internship, pre Emergency Medicine
- 1974-1977 University of Nebraska, College of Medicine, MD
- 1970-1974 University of Nebraska BA Biology, Magna Cum Laude

Kenneth Korsu, Director of Human Resources

Kenneth Korsu

Senior Human Resource Executive with a successful track record as a strategic partner and counsel to senior management. Significant for-profit and not-for-profit work experience. Exceptional and creative policy formulation experience. Inspirational leader and effective communicator.

Professional Summary

StayWell Health Center, Waterbury, CT

November 2012 to present

Director of Human Resources with responsibility for human resource services. In addition responsible for Corporate Compliance and Safety.

Safe Space NYC, Inc. Jamaica, NY

Sept. 2010 to April 2012

Vice President for Administration for this multi-location diverse social service agency serving children in Southeast Queens, NY. Started as a Consultant and acting Human Resources Director in Sept 2010. Hired as Human Resources Director in December 2010 and then promoted to role of VP in March 2011. As an Officer of the Agency and key member of the Executive Committee my responsibilities expanded to include Human Resources, Compliance, Safety, Security, IT, Facilities, Legal, Administrative Services plus HR management services.

- Saved more than \$200K/year in ongoing benefits costs by implementing changes and improvements to the Medical and 401(k) Plans.
- Implemented improvements to HR services with a focus on reducing recruiting and employment costs.
- Improved HR recordkeeping in preparation for ongoing regulatory audits.
- Played a key role in a new facility build-out with a smooth on-time move of offices and staff.
- Chair Safety, Security and Compliance Committees.
- Play a key ongoing role interfacing with government and legal counsel on sensitive business issues.
- Directly managed benefits compliance filings to include 5500's.
- Handled tricky legal issues relating to Workers' Comp multi-employer trust.
- Revamped and updated HR Employee Handbook.
- Playing a key role in move toward paperless communication and recordkeeping.

Selfhelp Community Services, Inc., NY, NY

May 2003 - May 2009

Director of Human Resources with multi location responsibilities. Accountable for directing a staff supporting the operations of one of New York City's largest home health care and social service agencies. Selfhelp, with a staff of more than 2000, delivers a broad array of services to 20,000 clients in the NYC metro area. Accountable for all recruiting, compensation, labor

relations, union contract negotiations, employee benefits, staff training, employee development and employee relations.

- Completely revamped staff compensation program
- Introduced and implemented pay-for-performance
- Modernized HR record keeping and administration utilizing HRIS information technology software
- Restructured Health, Life, Dental and Disability programs with savings in the millions
- Restructured recruiting resulting in lower turnover and improved staff quality
- Administrator of all benefits plans
- Chief spokesperson annually on six labor contract negotiations with DC 1707, Local 389, AFSME
- Elected to be Chairman of the Board of Trustees for the Union DB Pension and Health & Welfare Plan with a \$35M investment portfolio.

Yale University, New Haven, CT

Sept 2000 – Oct 2002

Director of Benefits, managing staff of 12, supporting 11,000 employees with operating budget exceeding \$50M. Innovative change agent leading process to update and modernize benefit plans, communications and employee services. Directed efficient, cost effective, self-insured Workers Compensation Program.

- Championed long overdue 100% cash-out provision in 403(b) plan
- Co-chaired an innovative multi-university committee developing a plan to carve out prescription drug coverage from traditional medical plans with projected savings in the millions.
- Architect of 457 Deferred Comp Plan
- Introduced optional improved 529 Plan
- By invitation, served on both the very selective TIAA-CREF and Vanguard Advisory Boards

Manhattan Group/DKL, Trumbull, CT

Dec 1996 – Sept 2000

Managing Partner of the Human Resource Consulting and Employment Search Practice. Clients include: JDSUniphase, Microboard Processing Inc., Ann Taylor, ATMI, Kearny National Inc., Waterworks, Precision Valve Corp, Cherry Semiconductor Corp, The Siemon Company, Casey Family Services and Banta Direct Marketing Group.

Our benefit consulting services included complete analysis of benefit philosophy, benefit design, State and Federal Laws, benefit administration, cost management, employee utilization, communication practices and employee satisfaction.

Precision Valve Corporation, Yonkers, NY

Dec 1985 – Dec 1996

Director of Human Resources for this \$250M privately held, multinational conglomerate. In addition to its core business, Precision owned a TV series production company, a winery and two resorts. Managed a staff of 11 providing strategic Human Resource Services to all North

American Units. Administrator of all Benefit Plans. Trustee of Teamster Union Pension Plan with \$35M in assets. Key architect of improvements to Corporate Compensation and Benefit Plans.

- Conceived and facilitated retirement plan improvements resulting in the replacement of an outdated defined benefit pension plan, with a 401(k) plan, producing savings of more than \$1M in plan cost.
- Continuously analyzed and restructured Medical Plan designs and services which resulted in significant improvement in employee satisfaction, better plan utilization and lower plan costs.
- Conceived and installed new performance management and compensation program, utilizing 360 degree feedback

Prior to 1985. I held human resource management positions in a number of for profit manufacturing businesses.

EDUCATION: B.S. Personnel and Industrial Relations, the University of Bridgeport

Military: With rank of First Lieutenant , US Army, served as Forward Observer and Firing Battery Executive Officer with the 101st Airborne Division during the Viet Nam Conflict. Awarded Bronze Star for Valor with V device, Purple Heart, Army Commendation medal plus other military service ribbons. Currently classified as 50% + disabled for service related injuries and illnesses.

Chief Financial Officer

Reporting to CEO and Board of Directors, experienced CFO responsible for directing and managing all of the organization's financial functions including billing, collections; financial analysis, reporting, planning and forecasting; budgeting and inventory control, fiscal grants management, AR, AP, 401(k), general ledger and payroll, in such a manner that ensures integrity, accuracy and transparency of the financial reporting and security of assets.

- Developed chart of accounts designed to capture reporting requirements and converted manual general ledger and payable to a computerized automated financial accounting system.
- Implemented the first monthly agency & cost center financial reporting.
- Achieved balance sheet creditability through establishing agency's first accounting policies and procedures.
- Developed & implemented the first operational and programmatic budget. Orchestrated budget process with all departments, senior management concluding in the presentation of a final budget approved by the Board of Directors.
- Established agency's billing and collections policies and procedures.
- Ensure compliance with GAAP, federal grant regulations, Medicare regulations, Medicaid regulations, IRS regulations.
- Maximized Patient Revenue by managing patient receivables.

HISPANIC HEALTH COUNCIL, Hartford, Connecticut **1997 - 1999**

A \$ 3.5 million nonprofit community - based research, direct training, and advocacy organization.

Chief Financial Officer

Reporting to CEO and Board of Directors, initial responsibilities were to improve financial reporting and analysis, to manage implementation of \$ 300,000 expense reduction effort, design and automate the annual consolidated budget for 52 fiscal grants totaling \$3.1 million, and explore opportunities for maximizing returns and minimizing risks.

- Achieved financial goal: turned agency around from \$155K deficit to 82K profit in 12 months.
- Managed financial and grant reporting, administration of subcontracts.
- Managed 403B pension plan and a 45 user windows NT network.
- Supervised: operation, accounts payable, accounts receivable, payroll, insurance, collections, facilities management, employee development, inventory control, budgeting and forecasting.

CENTERBANK, Waterbury, Connecticut

1996-1997

A \$ 4 billion regional savings bank (recently acquired by First Union Bank)

Senior Business Officer

Brought in as a member of special projects staff performing business studies and financial analysis for the office of the President and COO.

- Directed and monitored regional managers to assure proper procedures, requirements, and timing of "Spirit 96" incentive program.
- Analyzed and computed actual full-time equivalent employees to accurately track salary expenses, which held regional managers more accountable for salary budget resulting in cost reduction.
- Analyzed and identified the non-sufficient funds waivers, resulted in increase of revenues by \$ 270M for 1996.
- Acted as project manager as assigned by COO for diverse projects which impacted several business and strategic initiatives.

FLEET FINANCIAL, Hartford, Connecticut

1990 - 1996

A \$ 91 billion national bank (formerly Shawmut Bank)

Senior Financial Analyst for the Profit Planning & Analysis Department, 1994 - 1996
 Recommended and participated in developing internal systems and analytical reports to improve information resources available to senior management. Researched and analyzed product profitability measurement issues to ultimately maximize revenue. Conducted cost analysis studies and maintained integrity of cost allocation system.

- Designed and developed an interactive budget system for payroll subsidiary which established a business planning and forecasting capability.
- Developed and implemented system to automate preparation of monthly financial reports, raised efficiencies, improved morale and increased productivity by 28%.
- Elected Member of Shawmut's Diversity Leadership Team; responsible for data analysis, recommendation, and presentation to senior management and training of 216 audit/finance employees.

Senior Tax Accountant of the Trust Income Tax Department, 1990 - 1994

Responsible for timely preparation and filing of sensitive, high net worth, complex federal and state tax returns for 92 individuals, 525 fiduciary trusts, 26 charitable trusts and 23 exempt organizations. Responsible for overseeing, auditing, monitoring the workload of 22 accountants.

- Designated team leader to resolve all tax, legal and personnel issues within a 12 member team.
- Consulted clients worth over \$1MM on financial and tax planning strategies.
- Acted as project manager for various projects as assigned.
- Elected member of system development and implementation project team.
- Novell LAN manager, software and mainframe trainer for department of 50 employees.

EDUCATION

University of New Haven, West Haven , CT
University of Connecticut, Storrs, CT

MSTax - 1997
BSBA in Finance - 1989.

CERTIFICATION

Professional Certificates in Taxation of Individuals and Taxation of Corporations.

Dear Taxpayer:

This is in response to your Oct. 21, 2013, request for information regarding your tax-exempt status.

Our records indicate that you were recognized as exempt under section 501(c)(3) of the Internal Revenue Code in a determination letter issued in July 1992.

Our records also indicate that you are not a private foundation within the meaning of section 509(a) of the Code because you are described in section(s) 509(a)(1) and 170(b)(1)(A)(vi).

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Please refer to our website www.irs.gov/eo for information regarding filing requirements. Specifically, section 6033(j) of the Code provides that failure to file an annual information return for three consecutive years results in revocation of tax-exempt status as of the filing due date of the third return for organizations required to file. We will publish a list of organizations whose tax-exempt status was revoked under section 6033(j) of the Code on our website beginning in early 2011.

Independent Auditor's Report

To the Board of Directors
Staywell Health Care, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of Staywell Health Care, Inc., which comprise the statements of financial position as of June 30, 2013 and 2012, and the related statements of activities and changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Staywell Health Care, Inc. as of June 30, 2013 and 2012, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 24, 2013 on our consideration of Staywell Health Care, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Staywell Health Care, Inc.'s internal control over financial reporting and compliance.

See Notes to Financial Statements.

Staywell Health Care, Inc.

Notes to Financial Statements

Note 1 - Organization and summary of significant accounting policies:

Organization:

Staywell Health Care, Inc. (the "Center") is a private nonprofit corporation which provides comprehensive medical, dental and mental health services to residents of Waterbury, Connecticut and its surrounding communities. The medical component provides primary health care and related services as well as prenatal care, pediatric and behavioral health services. The dental component provides a full range of dentistry. Services are primarily offered on an outpatient basis with a sliding fee scale, based on income level, number of dependents and ability to pay. The Center's primary sources of revenue consist of grants and patient fees. The Center is a Federally Qualified Health Center, which makes the Center eligible for Federal grants, in addition to Medicaid and Medicare reimbursements.

The U.S. Department of Health and Human Services (the "DHHS") provides substantial support to the Center. The Center is obligated under the terms of the DHHS grants to comply with specified conditions and program requirements set forth by the grantor.

Basis of presentation:

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The Center reports information regarding its financial position and activities according to the three classes of net assets: unrestricted, temporarily restricted and permanently restricted. They are described as follows:

Unrestricted - Net assets that are not subject to explicit donor-imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of the Board of Directors.

Temporarily Restricted - Net assets whose use by the Center is subject to either explicit donor-imposed stipulations or by the operation of law that can be fulfilled by actions of the Center or that expire by the passage of time.

Permanently Restricted - Net assets subject to explicit donor-imposed stipulations that they be maintained permanently by the Center and stipulate the use of income and/or appreciation as either unrestricted or temporarily restricted based on donor imposed stipulations or by the operation of law. At June 30, 2013 and 2012, there were no permanently restricted net assets.

Staywell Health Care, Inc.

Notes to Financial Statements

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Performance indicator:

The statements of activities and changes in net assets include the change in unrestricted net assets as the performance indicator.

Cash and cash equivalents:

For the purposes of the statements of cash flows, the Center considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Concentrations of credit risk:

The Center's financial instruments that are exposed to concentrations of credit risk consist primarily of cash, the certificate of deposit, patient services revenue and receivables (Notes 2 and 9) and grant revenue and receivables (Note 3).

The Center maintains cash in bank accounts which at times, may exceed Federally insured limits. The Center has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and the certificate of deposit.

Certificate of deposit:

The certificate of deposit is carried at amortized cost, which approximates fair value.

Patient service receivables:

The collection of receivables from third-party payors and patients is the Center's primary source of cash for operations and is critical to its operating performance. The primary collection risks relate to uninsured patient accounts and patient accounts for which the primary insurance payor has paid, but patient responsibility amounts (deductibles and copayments) remain outstanding. Patient service receivables from third-party payors are carried at a net amount determined by the original charge for the service provided, less an estimate made for contractual adjustments or discounts provided to third-party payors.

Receivables due directly from patients are carried at the original charge for the service performed, less discounts provided under the Center's charity care policy, less amounts covered by third-party payors and an estimated allowance for doubtful receivables. Management determines the allowance for doubtful accounts by identifying troubled accounts and by historical experience applied to an aging of accounts. The Center does not charge interest on past due accounts.

Staywell Health Care, Inc.

Notes to Financial Statements

Patient receivables are written off to an allowance account when deemed uncollectible. Recoveries of receivables previously written off are recorded as a reduction of the provision for uncollectable accounts when received.

Property and equipment:

Property and equipment are stated at cost less accumulated depreciation and amortization. Depreciation is computed using the straight-line method over the estimated useful lives of the assets with a range in lives from 3 to 39 years. Expenditures exceeding \$5,000 are capitalized. Leasehold improvements are amortized over the shorter of the estimated useful life or lease term. Maintenance, repairs and minor renewals are expensed as incurred. When assets are retired or otherwise disposed of, their cost and related accumulated depreciation are removed from the accounts and any resulting gains or losses are reflected in the statements of activities and changes in net assets.

Certain property and equipment have been purchased with grant funds received from the U.S. Department of Health and Human Services. Such items or a portion thereof may be reclaimed by the Federal government if not used to further the grant's objectives.

Contributed property and equipment:

Contributed property and equipment are recorded at fair value at the date of donation. In the absence of donor stipulations regarding how long the contributed assets must be used, the Center has adopted a policy of applying a time restriction on contributions of such assets that expires over the assets' useful lives. As a result, all contributions of property and equipment, and of assets to acquire property and equipment, are originally recorded as temporarily restricted support.

Impairment of long-lived assets:

The Center reviews its long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable.

In performing a review for impairment, the Center compares the carrying value of the assets with their estimated future undiscounted cash flows. If it is determined that impairment has occurred, the loss would be recognized during that period. The impairment loss is calculated as the difference between the asset carrying values and the present value of estimated net cash flows or comparable market values giving consideration to recent operating performance and pricing trends. The Center does not believe that any material impairment currently exists related to its long-lived assets.

Staywell Health Care, Inc.

Notes to Financial Statements

Revenue recognition:

Patient service revenue:

The Center has agreements with third-party payors that provide for payments to the Center at amounts different from its established rates. Payment arrangements include predetermined fee schedules and discounted charges. Patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors and others for services rendered, including retroactive adjustments under reimbursement agreements with third-party payors, which are subject to audit by administering agencies. These adjustments are accrued on an estimated basis and are adjusted in future periods as final settlements are determined. The Center provides care to certain patients under Medicaid and Medicare payment arrangements. Laws and regulations governing the Medicaid and Medicare programs are complex and subject to interpretation. Compliance with such laws and regulations can be subject to future government review and interpretation as well as significant regulatory action. Self-pay revenue is recorded at published charges with charity care deducted to arrive at net self-pay revenue.

Charity care and community benefit:

The Center is open to all patients, regardless of their ability to pay. In the ordinary course of business, the Center renders services to patients who are financially unable to pay for healthcare. The Center provides care to these patients who meet certain criteria under its sliding fee discount policy without charge or at amounts less than the established rates. Charity care services are computed using a sliding fee scale based on patient income and family size. The Center maintains records to identify and monitor the level of sliding fee discount it provides. For uninsured self-pay patients that do not qualify for charity care, the Center recognizes revenue on the basis of its standard rates for services provided or on the basis of discounted rates, if negotiated or provided by policy. On the basis of historical experience, a significant portion of the Center's uninsured patients will be unable or unwilling to pay for the services provided. Thus, the Center records a significant provision for bad debts related to uninsured patients in the period the services are provided.

Community benefit represents the cost of services for Medicaid, Medicare and other public patients for which the Center is not reimbursed.

Based on the cost of patient services, charity care approximated \$2,141,000 and \$1,852,000 and community benefit approximated \$1,923,000 and \$1,317,000 for the years ended June 30, 2013 and 2012, respectively.

Contributions:

Contributions are recorded at fair value when received or pledged. Amounts are recorded as unrestricted, temporarily restricted or permanently restricted revenue depending on the existence and/or nature of any donor restrictions.

Staywell Health Care, Inc.

Notes to Financial Statements

When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and are reported in the statement of activities as net assets released from restrictions. Donor restricted contributions whose restrictions expire during the same fiscal year are recognized as unrestricted revenue. Conditional contributions are recognized in the period when expenditures have been incurred in compliance with the grantor's restrictions on the statements of activities and changes in net assets.

Pharmacy revenue:

The Center participates in Section 340B of the Public Health Service Act ("PHS Act"), "Limitation on Prices of Drugs Purchased by Covered Entities". Participation in this program allows the Center to purchase pharmaceuticals at a discounted rate for prescription to eligible patients. The Center has outsourced the administration of this program to a commercial pharmacy. The Center records revenue based on the price of the pharmaceuticals dispensed.

Grant revenue:

Revenue from government grants designated for use in specific activities is recognized in the period when expenditures have been incurred in compliance with the grantor's requirements. Grants awarded for the acquisition of long-lived assets are reported as temporarily restricted contributions, during the fiscal year in which the assets are acquired. Cash received in excess of revenue recognized is recorded as deferred revenue in the statements of financial position. These grants require the Center to provide certain healthcare services during specified periods. If such services are not provided during the periods, the governmental entities are not obligated to expend the funds allocated under the grants.

Donated goods and services:

Donated goods and services are recorded at fair value at the time of the donation.

In-kind contributions:

In-kind contributions consist primarily of medical supplies and are recorded at the fair value of the supplies provided. The fair value of those goods as provided by the funding source is \$761,812 and \$494,255 for the years ended June 30, 2013 and 2012, respectively, and is recorded as donated vaccines, along with a corresponding charge to direct operating expenses in the accompanying statements of activities and changes in net assets.

Meaningful use incentive:

The American Recovery and Reinvestment Act of 2009 ("ARRA") amended the Social Security Act to establish one-time incentive payments under the Medicare and Medicaid programs for certain professionals that: (1) meaningfully use certified Electronic Health Records ("EHR") technology, (2) use the certified EHR technology for electronic exchange of health information to improve quality of health care, and (3) use the certified EHR technology to submit clinical and quality measures.

Staywell Health Care, Inc.

Notes to Financial Statements

These provisions of ARRA, together with certain of its other provisions, are referred to as the Health Information Technology for Clinical and Economic Health ("HITECH") Act. The criteria for meaningful use incentives will be staged in three steps over the course of the next three years and be paid out based on a transitional schedule.

The Center's providers have met the criteria for Stage 1 and the Center has earned \$127,500 and \$276,250 from the Medicaid incentive program during the years ended June 30, 2013 and 2012, respectively. These amounts are included in other revenue in the accompanying statements of activities and changes in net assets.

Interest earned on Federal funds:

Interest earned on Federal funds is recorded as a payable to the United States Public Health Service ("PHS") in compliance with the regulations of the United States Office of Management and Budget.

Functional expenses:

Expenses are charged to program expenses such as medical, dental, mental health and community programs, and management and general expenses such as facility and administrative based on a combination of specific identification and allocation by management.

Income taxes:

The Center was incorporated as a not-for-profit entity and is exempt from Federal income tax under the provisions of the Internal Revenue Code Section 501(c)(3), except for taxes on unrelated business income.

The Center has no unrecognized tax benefits at June 30, 2013 and 2012. The Center's Federal and state information returns prior to calendar year 2010 are closed and management continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings.

If the Center has unrelated business income taxes, it will recognize interest and penalties associated with uncertain tax positions as part of the income tax provision and include accrued interest and penalties with the related tax liability in the statements of financial position.

Reclassifications:

Certain prior year amounts have been reclassified to conform with current year presentation.

Subsequent events:

The Center has evaluated events and transactions for potential recognition or disclosure through October 24, 2013, which is the date the financial statements were available to be issued.

Staywell Health Care, Inc.

Notes to Financial Statements

Note 2 - Patient service receivables, net:

The Center grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payor agreements. The mix of receivables, net from patients and third-party payors as of June 30, 2013 and 2012 is as follows:

	2013	2012
Medicaid	\$ 382,651	\$ 504,057
Medicare	72,244	53,323
Third-party payors	48,695	33,661
Patients	1,243,089	952,109
	<u>1,746,679</u>	<u>1,543,150</u>
Less allowance for doubtful accounts	(973,400)	(593,394)
	<u>\$ 773,279</u>	<u>\$ 949,756</u>

Patient service receivables are reduced by an allowance for doubtful accounts. In evaluating the collectability of patient service receivables, the Center analyzes its past history and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for uncollectable accounts. Management regularly reviews data about these major payor sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts.

For receivables associated with services provided to patients who have third-party coverage, the Center analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for uncollectable accounts, if necessary (for example, for expected uncollectible deductibles and copayments on accounts for which the third-party payor has not yet paid, or for payors who are known to be having financial difficulties that make the realization of amounts due unlikely). For receivables associated with self-pay patients (which includes both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill), the Center records a provision for uncollectible accounts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The difference between the standard rates (or the discounted rates provided by the Center's policy) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged against the allowance for doubtful accounts.

The Center's allowance for doubtful accounts for self pay patients was 76% of self-pay patient service receivables at June 30, 2013 and 2012. The Center has not changed its charity care or uninsured discount policies during 2013 and 2012. The Center had \$48,917 and \$61,758 of write-offs during the years ended June 30, 2013 and 2012, respectively.

Staywell Health Care, Inc.

Notes to Financial Statements

Note 3 - Grants:

Grant receivables are evidenced by contracts with a variety of Federal and state government agencies and, based on historical experience, management believes these receivables represent negligible credit risk. Accordingly, management has not established an allowance for doubtful accounts. Grant receivables at June 30, 2013 and 2012 are as follows:

	2013	2012
Federal	\$ 197,043	\$ 49,098
State	16,361	8,431
Other	27,429	32,920
	\$ 240,833	\$ 90,449

The Center receives a significant amount of grants from DHHS and the State of Connecticut Department of Social Services ("DSS"). As with all government funding, these grants are subject to reduction or termination in future years.

For the years ended June 30, 2013 and 2012, grants from DHHS consisted of 66% and 68%, respectively, and DSS consisted of 13% and 18%, respectively, of total grant revenue.

Note 4 - Property and equipment, net:

Property and equipment, net consists of the following as of June 30, 2013 and 2012, respectively:

	2013	2012
Land	\$ 384,297	\$ 384,297
Building	5,439,256	5,198,180
Medical equipment	31,261	24,311
Dental equipment	395,940	395,940
Computer equipment	419,829	402,197
Telephone equipment	90,705	90,705
Leasehold improvements	41,081	41,081
Furniture and fixtures	36,494	36,494
	6,838,863	6,573,205
Less accumulated depreciation and amortization	2,324,891	2,021,958
Totals	\$ 4,513,972	\$ 4,551,247

In the event the DHHS grants are terminated, the DHHS reserves the right to transfer all property and equipment purchased with grant funds to the Public Health Service ("PHS") or other third party.

Staywell Health Care, Inc.

Notes to Financial Statements

Note 5 - Split-dollar life insurance and supplemental executive retirement plan:

The Center maintains a supplemental executive retirement plan ("SERP") for two executives. The Master Plan Document of the SERP states that the participants will be fully vested at the earliest time of the following events; involuntary separation from service, death, disability, a change in control or attainment of a specified date or age. Under the SERP plan, the Center has recorded a liability of \$345,957 and \$277,673 as of June 30, 2013 and 2012, respectively.

The Center has funded the liability associated with the SERP plan by purchasing two life insurance policies on their executives. The Center is the owner of the life insurance policies. As of June 30, 2013 and 2012, the cash surrender value of both policies was \$345,957 and \$277,673, respectively, and is included in other assets in the accompanying statements of financial position.

Note 6 - Investments:

The Center is a member of a not-for-profit health plan, Community Health Network of Connecticut, Inc. ("CHNCT"). CHNCT provides statewide healthcare services for the State of Connecticut HUSKY A, HUSKY B and Charter Oak Populations. The Center has purchased an interest in CHNCT. The Center's investment in CHNCT amounted to \$83,333 as of June 30, 2013 and 2012 and is recognized based on cost-basis due to less than 20% ownership.

Note 7 - Line of credit:

The Center has a \$200,000 line of credit with Bank of America available to be drawn upon, as needed, with interest at prime plus 0.75%. There were no outstanding amounts on the line of credit at June 30, 2013 or 2012. This line of credit expires on December 31, 2013.

Note 8 - Long-term debt:

The Center has a mortgage payable with Bank of America that matures on March 27, 2026. Interest is fixed at 7% through March 2016 at which point the rate will be adjusted to the U.S. Treasury Securities rate fixed at a ten-year maturity plus 200 base points. As a result, the specific amount of future maturities from March 2016 to March 2026 are not certain as of June 30, 2013 and are thus included in thereafter in the long-term debt table below. This mortgage payable is secured by the health center property at 80 Phoenix Avenue, Waterbury, Connecticut.

Maturities of long-term debt are as follows:

<u>Year Ending June 30,</u>	
2014	\$ 62,990
2015	67,544
2016	72,426
Thereafter	831,274
Total	<u>\$ 1,034,234</u>

Staywell Health Care, Inc.

Notes to Financial Statements

Interest expense was \$75,683 and \$96,347 for the years ended June 30, 2013 and 2012, respectively. In addition, the Center must meet certain financial covenants. The Center was in compliance with these covenants during fiscal years 2013 and 2012.

Note 9 - Patient services rendered (net of contractual allowances):

The Center recognizes patient service revenue associated with services provided to patients who have Medicaid, Medicare and third party payor coverage on the basis of contractual rates for services rendered.

For the years ended June 30, 2013 and 2012, patient service revenue consists of the following:

	2013	2012
Medicaid	\$ 7,893,042	\$ 9,225,379
Medicare	757,367	496,598
Third-party payors	248,237	258,979
Self-pay patients	862,263	1,005,617
	<u>\$ 9,760,909</u>	<u>\$ 10,986,573</u>

Medicaid and Medicare revenue is reimbursed to the Center at the net reimbursement rates determined by each program. Reimbursement rates are subject to revisions under the provision of reimbursement regulations. Adjustments for such revisions are recognized in the fiscal year incurred.

Note 10 - Temporarily restricted net assets:

Temporarily restricted net assets as of June 30, 2013 and 2012 relate to the following property and equipment acquisitions being amortized over their lives:

	2013	2012
ARRA capital improvement program	\$ 390,826	\$ 457,880
HRSA capital development grant	196,643	-
Capital campaign	160,932	168,546
Various capital projects	48,942	-
DPH bonding, net of amortization:		
80 Phoenix Avenue	633,019	662,967
South Main expansion	78,338	88,638
South Main dental expansion	37,233	39,792
Software/hardware	6,449	28,400
Total temporarily restricted net assets	<u>\$ 1,552,382</u>	<u>\$ 1,446,223</u>

Note 11 - Operating leases:

The Center holds several equipment leases and two vehicle leases with monthly payments ranging from \$44 to \$911 through August 2018. Lease expense for the years ended June 30, 2013 and 2012 totaled \$37,645 and \$35,438, respectively.

Staywell Health Care, Inc.

Notes to Financial Statements

Aggregate future minimum rental payments for these leases are as follows:

<u>Year Ending June 30,</u>	
2014	\$ 22,707
2015	13,425
2016	10,849
2017	2,473
2018	1,920
Thereafter	321
	<u>\$ 51,695</u>

Note 12 - Rental income:

The Center leases portions of its facility at 80 Phoenix Avenue and 1309 South Main Street to unrelated third-parties. As of June 30, 2013 and 2012, six leases were in effect which expire at various dates through June 2017. Rental income for the years ended June 30, 2013 and 2012 was \$171,244 and \$166,071, respectively.

Future minimum lease payments to be received in each of the years subsequent to June 30, 2013 are as follows:

<u>Year Ending June 30,</u>	
2014	\$ 162,667
2015	146,202
2016	117,737
2017	55,292
	<u>\$ 481,898</u>

Note 13 - Fair value measurements:

The Center values its financial assets and liabilities based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy prioritizes observable and unobservable inputs used to measure fair value into three broad levels, which are described below:

- Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.
- Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.
- Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

Staywell Health Care, Inc.

Notes to Financial Statements

In determining fair value, the Center utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considers counterparty credit risk in its assessment of fair value. There were no changes in valuation techniques during fiscal years 2013 and 2012.

Financial assets carried at fair value at June 30, 2013 are classified in the table below in one of the three categories described above:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Certificate of deposit	\$ <u> </u>	\$ <u>254,164</u>	\$ <u> </u>	\$ <u>254,164</u>

Financial assets carried at fair value at June 30, 2012 are classified in the table below in one of the three categories described above:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Certificate of deposit	\$ <u>-</u>	\$ <u>253,149</u>	\$ <u>-</u>	\$ <u>253,149</u>

The certificate of deposit is valued using significant observable inputs particularly dealer market prices for comparable investments as of the valuation date.

The preceding method may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Center believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Center's policy is to recognize transfers in and out of various levels as of the actual date of the events or change in circumstance that caused the transfer. There were no transfers for the years ended June 30, 2013 and 2012.

Note 14 - Employee benefit plan:

The Center maintains a 401(k) profit sharing plan. The Center's Board of Directors determines, on an annual basis, the extent to which it can contribute to the plan. As of June 30, 2012, the Center accrued \$492,398 for the contribution to the plan. There was no contribution to the plan for the year ended June 30, 2013.

Note 15 - Commitments and contingencies:

The Center has contracted with various funding agencies to perform certain healthcare services, and receives Medicaid and Medicare revenue from Federal, state and local governments. Reimbursements received under these contracts and payments from Medicaid and Medicare are subject to audit by Federal, state and local governments and other agencies. Upon audit, if discrepancies are discovered, the Center could be held responsible for refunding the amounts in question.

Staywell Health Care, Inc.

Notes to Financial Statements

The healthcare industry is subject to voluminous and complex laws and regulations of Federal, state and local governments. Compliance with such laws and regulations can be subject to future government review and interpretation as well as regulatory actions unknown or unasserted at this time. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government healthcare program participation requirements, reimbursement laws and regulations, anti-kickback and anti-referral laws and false claims prohibitions.

In recent years, government activity has increased with respect to investigations and allegations concerning possible violations of reimbursement, false claims, anti-kickback and anti-referral statutes and regulation by healthcare providers. The Center believes that it is in material compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing. Upon audit, if discrepancies are discovered, the Center could be held responsible for refunding the amounts in question.

The Center maintains its medical malpractice coverage under the Federal Tort Claims Act (the "FTCA"). The FTCA provides malpractice coverage to eligible PHS supported programs and applies to the Center and its employees while providing services within the scope of employment included under grant-related activities. The Attorney General, through the U.S. Department of Justice, has the responsibility for the defense of the individual and/or grantee for malpractice cases approved for FTCA coverage.

The Center is involved in various claims and legal actions arising in the ordinary course of business. Management is of the opinion that the ultimate outcome of these matters would not have a material adverse impact on the financial position of the Center, its results of operations or cash flows.

**Note: Allowances and deductions include charity care and bad debt.

**Attachment Fifteen:
Assumptions: Franklin Medical Group**

Children's Health Center CON

Assumptions

Projected w/out CON

1. Revenue – Estimate of a 2% increase in net revenues each year.
2. Other Operating Revenues – Estimate of 2% increase in other operating revenues each year. These revenues represent CARTS from the Hospital for clinical, academic, research, teaching and strategic support. Other operating revenues also include meaningful use incentives.
3. Salaries and Fringe Benefits – Estimate of a 1.5% increase in salaries and fringe for merit/cost of living increases each year.
4. Professional / Contracted Services – estimate of 2% increase in contracted service fees each year
5. Supplies and Drugs – estimate of 2% increase in supply costs each year.
6. Bad Debts – estimate of bad debt expense is based on historical bad debt of 4.5% of net revenues.
7. Other Operating Expense – estimate of a 2% increase in other operating expenses each year.
8. Depreciation Expense – depreciation expense is expected to increase 4% per year as a result of new capital purchases.
9. Lease Expense – estimate of a 2% increase in lease expense each year due to inflation.
10. Capital Contributions – this represent contributions from the Hospital to fund Franklin Medical Group. The amounts each year are to cover the expected losses from operations.
11. FTEs – employees are expected to remain consistent year to year.
12. RVUs – The RVUs are expected to increase by 2% each year.

Projected Incremental Reductions

1. The FY15 amounts are the expected amounts that relate to the Children's Health Center department for FY15.
2. The projected reductions with the CON for FY16 and FY17 are as follows:
 - a. Net revenues increase approximately 0.6% each year for the payors other than Medicaid.
 - b. Medicaid decrease in FY16 from FY15 is the result of the Primary Care Incentive Program ending December 31, 2015, where Medicaid is reimbursing at Medicare rates. The increase in FY17 is approximately 0.6% for Medicaid.
 - c. Other operating revenues – expected increase of 2% (consistent with Franklin increase). Other operating revenues consist of other funding of the children's program from the Foundation.
 - d. Salaries and Fringe Benefits – projected incremental savings of 23 FTEs with an adjustment for costs of living/merit raises of 1.5% per year.
 - e. Supplies and Drugs – estimate of a 2% increase each year

- f. Bad Debts – estimated of bad debt expense is based on historical bad debt of 3.24% of net revenues for the CHC department.
- g. Other Operating Expense - estimate of a 2% increase in other operating expenses each year.
- h. Depreciation Expense - depreciation is expected to remain consistent as no new assets are expected to be purchased.
- i. Lease Expense – estimate of a 2% increase in lease expense each year due to inflation.
- j. Capital Contributions – represent the estimated reduction in funding to cover the loss in the department.
- k. FTEs – represents the reduction of FTEs as a result of the CON.
- l. Visits – estimated to remain flat year over year.
- m. RVUs – estimated to remain flat year over year.

FA II Assumptions

1. The visits were allocated based on the net revenue percentage by payor.
2. For uninsured / self-pay patients, we estimated that all bad debts relate to self-insured.

Waterbury, CT 06702

Dear Provider:

The following rates have been approved for state medical assistance recipients served by your Federally Qualified Health Center sites effective for the periods indicated. The Medicare Economic Index of 0.8% has been applied effective October 1, 2013 in accordance with applicable regulations.

<u>Service</u>	<u>Provider No.</u>	<u>Rate Per Visit</u> <u>10/1/13 – 9/30/14</u>
Medical	004235976	\$149.80
Dental	004235968	\$124.37
Mental Health/Substance Abuse	004235984	\$164.99

Nothing contained in this approval shall constitute an authorization for payment by the Department in excess of the charge for similar services provided to the general public.

Any questions or correspondence concerning this rate letter should be directed to Chris LaVigne, Director, Reimbursement and Certificate of Need, Department of Social Services (860-424-5719).

Sincerely,

Kathleen M. Brennan
Deputy Commissioner

RE: Certificate of Need Determination Report Number 14-31922-DTR
(Related to Docket No. 14-31914-CON)
Termination and Transfer of Children's Health Center Services

Dear Dr. Schneider:

On May 14, 2014, the Office of Health Care Access ("OHCA") received your Certificate of Need ("CON") application on behalf of Franklin Medical Group, P.C. ("Franklin Medical Group") and StayWell Health Center, Inc. ("StayWell") with respect to the termination and transfer of the Children's Health Center from Franklin Medical Group to StayWell, a federally qualified health center.

On May 23, 2006, Franklin Medical Group received CON authorization to assume control of the Children's Health Center from Saint Mary's Hospital (Docket No. 05-30474-CON). The CON authorization required Franklin Medical Group to file a CON Determination if, in the future, Franklin Medical Group proposed the transfer of control of the Children's Health Center to another entity. In the interest of efficiency, OHCA hereby accepts your CON application filed under Docket No. 14-31914-CON as the Determination required to be filed under Docket No. 05-30474-CON.

Connecticut General Statutes § 19a-638(a)(2) requires CON authorization for a "transfer of ownership of a health care facility". The Children's Health Center is not considered a health care facility as that term is defined by Connecticut General Statutes § 19a-630(10). Additionally, Connecticut General Statutes § 19a-638(a)(4) requires CON authorization for the "termination of inpatient or outpatient services offered by a hospital...". Franklin Medical Group is not considered a hospital. Therefore, CON authorization is not required prior to conducting the proposed transaction.

Connecticut General Statutes § 19a-638(b)(12) provides an exemption from CON authorization for "...federally qualified health centers". Since StayWell is a federally qualified health center, it is not required to obtain CON authorization prior to conducting the proposed transaction.

An Equal Opportunity Provider

(If you require aid/accommodation to participate fully and fairly, contact us either by phone, fax or email)
410 Capitol Ave., MS#13HCA, P.O.Box 340308, Hartford, CT 06134-0308
Telephone: (860) 418-7001 Fax: (860) 418-7053 Email: OHCA@ct.gov

For the aforementioned reasons, OHCA hereby determines that a CON is not required for the termination and transfer of ownership of the Children's Health Center from Franklin Medical Group to StayWell.

As a result, OHCA hereby deems the CON application filed under Docket No. 14-31914-CON closed. Please feel free to contact me if you have any questions.

Sincerely,

Kimberly R. Martone
Director of Operations
