Describing Each Affiliation with another Hospital or Hospital System
Summary of Instructions

Section 27 (i) of P.A. 15-146, AN ACT CONCERNING HOSPITALS, INSURERS AND HEALTH CARE CONSUMERS (the "Act"), effective October 1, 2015, requires that each hospital and hospital system shall file with the Office of the Attorney General and the Commissioner of Public Health a written report describing each affiliation with another hospital or hospital system.

The Annual Report must be filed with the Office of the Attorney General ("OAG") and with the DPH Office of Health Care Access ("OHCA") no later than December 31, 2015 and annually thereafter.

This file includes the Excel spreadsheets needed to fulfill the Annual Reporting requirement. There are three tabs (Instructions, General Info. and Affiliate Details) that all must be completed. Further instructions are provided on the individual tabs. The file should be electronically submitted in two formats, Excel and PDF, to the following email address: AffiliationFiling@ct.gov

Key Definitions:

- "Affiliation" means the formation of a relationship between two or more entities that permits the entities to negotiate jointly with third parties over rates for professional medical services;
- "Hospital" has the same meaning as provided in section 19a-490;
- "Hospital system" means: (A) A parent corporation of one or more hospitals and any entity affiliated with such parent corporation through ownership, governance or membership, or (B) a hospital and any entity affiliated with such hospital through ownership, governance or membership;
- "Primary Service Areas" ("PSAs") are defined by a set of postal zip codes. The Act defines PSA to mean "the smallest number of zip codes from which the group practice draws at least seventy-five per cent of its patients."
