1. Mission Statement:

To provide professional medical services to the patients of Hebrew Health Care, Inc. (HHC), its affiliated hospital, and other tax-exempt affiliates of HHC, and to other individuals in the Hospital's service areas;

In addition, with our focus on prevention, wellness, and the management of chronic diseases, our geriatric consultations offer area physicians a place to refer their patients to be seen and tracked for memory loss and cognitive issues while continuing to treat them for their primary medical needs. A comprehensive geriatric assessment includes measures of mobility and functional status, mental status examinations, depression screening, evaluation of common geriatric problems (e.g., risk for falls, incontinence, and polypharmacy), resulting in the ongoing management of geriatric syndromes and functional impairments.
